TALKED POLITICS WITH PRESIDENT

Tim Woodruff Discussed New York Situation at Summer Capital.

COMPROMISE PRIMARY MATTER

View of the Republican State Leader. Name of Whitman Presented as New Gubernatorial Possibility—Features.

Beverly, Mass., Aug. 8.—Timothy L. Woodruff, Republican State chairman of New York, talked politics with President Taft for more than two hours and a half today. Mr. Woodruff, who is optimistic over the outlook in New York State, declares that a compromise will be reached on the primary question, and significantly remarked that circumstances might arise which would cause him to be a candidate to succeed himself as State chairman. Mr. Woodruff has had the job for four years.

Incidentally Mr. Woodruff produces a new gubernatorial possibility by including Charles S. Whitman, the district attorney of New York county, elected on the fusion ticket last fall, in the list of candidates he discussed with the President. The others prominently mentioned were Henry L. Stimson, ex-United States district attorney, and Clark Williams, superintendent of banking.

The compromise which Mr. Woodruff said would be reached on the primary question means a defeat of Governor Hughes' plan for direct nominations. Mr. Woodruff said that the party leaders in the State would not stand for the elimination of the convention principle. He said that President Taft and Col. Theodore Roosevelt were in accord as to New York politics, and that neither was "disposed to force his own views as to any man or thing."

"The Republican party," said Mr. Woodruff, "will endorse all of Governor Hughes' primary views, except doing away with conventions. We will continue to have conventions to name our candidates for office."

According to Mr. Woodruff, the Republican State platform will declare for primaries along the lines of the Mead-Phillips bill, which was vetoed by Governor Hughes.

Just how far Colonel Roosevelt will go in the coming campaign in fighting for the "direct" primary system has not been stated. President Taft stated his position anew today.

He also believes in the convention idea as to State tickets, although he probably would approve of a direct primary vote as to assemblymen, Congressmen and United States Senators.

President Taft and Mr. Woodruff are old friends. They were at Yale together.

It was too early, Mr. Woodruff said, to speak with any degree of accuracy about candidates or general conditions.

"But I am willing to be quoted as saying that the condition of the Democratic party in the State, to say the least, is not inspiring."

"To the Republicans?" was suggested.

"It is not inspiring to the Democrats, and therefore is not inspiring to us Republicans," he added.

President Taft also had a talk today with Secretary of State Knox. A number of diplomatic appointments were discussed, but it has been determined to defer all such appointments until next December or later.

The President and Secretary Knox are using their good offices to bring about an early settlement of the boundary dispute between Ecuador and Peru. They want Chile to use her good offices, and it became known today that during his talk with President Montt, of Chile, on Saturday, President Taft broached the subject, and it was discussed at some length. The Chilean influence would be very strong with Ecuador, and it is the plan to have it exercised in that direction.

President Montt, it is believed, has already communicated with the Government officials at Santiago regarding the situation.

According to his present plans, the President may remain in Beverly this year until October 15th. He will go to St. Paul to speak at the National Conservation Congress on September 5th, and from there will go to Washington for a week. The cabinet will be called to meet in Washington at the same time. From there the President will return to Beverly, to remain here until well into October.

JUDGE ROBINSON NAMED.

Republicans Name Him in Sixth or Raleigh District.

(Special Star Telegram.)

Raleigh, N. C., Aug. 8.—At Smithfield this afternoon the Republican Judicial convention of this, the Sixth, district, nominated ex-Judge W. S. O'B. Robinson for judge to oppose Frank Daniels, of Goldsboro, Democratic nominee. The Briggs-Duncan contesting delegation from Wake was turned down and the Morehead-Butler delegates seated.

In the Wayne county convention the Morehead delegates were elected to the State convention at Greensboro and the Duncan Wing bolted, naming the contesting delegates.

Wilson county instructed delegates to State convention for Morehead as State chairman.

AFFAIRS AT STATE CAPITAL

Early Morning Blaze—Water Pressure Poor—Merchants' Association. Delegates to Tax Conference—Notes.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 8.—Three thousand and more people gathered at a fire in the southeastern section of the city this forenoon, the sensational feature of which was the utter confusion that characterized the turning in of the alarms, the response of the companies of the fire department, and the lack of anything like standard and adequate water pressure.

The fire alarm, which has been in process of overhauling for several weeks, rang so confusedly that two of the best apparatus drove to an opposite section of the city. Then, when hose were finally strung and connected, the water pressure would not lift the streams to the roofs of the houses, scarcely two full stories high. The fire engine was brought into service to give the pressure that should come from the water tower. Scarcely had the fire fighting begun before there came near being blows between two firemen as to "who was chief." Chief Lumsden was delayed in arriving by the confusion in alarms. The water supply came in for the most general roast, indignant citizens impeaching not only the lack of required pressure for fire fighting, but raising anew the standing complaint that in the homes the water is almost constantly so muddy that it is unfit for use, as it comes from the faucets. The house most damaged is owned by C. P. Spruill and occupied by Wade Williams, and is valued at $3,000. Wade lost most of his furniture. The second house is owned and occupied by Dave T. Moore, and was damaged mostly by water. The total damage was something like $4,000.

The North Carolina Merchants' Association has employed W. F. Eller, of Ashe county, as State organizer, to establish new associations where there are openings for them, and boom membership in those towns where associations already exist.

Governor Kitchin has commissioned the following delegates on the part of North Carolina to the Fourth International Conference on State and Local Taxation, to be held in Milwaukee, August 30th to September 2nd: A. W. Graham, Oxford; Ashley Horne, Clayton; W. D. Turner, Statesville; R. A. Doughton, Sparta; L. D. Robinson, Wadesboro; F. H. Stedman, Fayetteville.

Will C. Wilkins, under sentence of $250 fine and one year on the roads for selling liquor in Nash county, gets a reprieve from Governor Kitchin for 30 days from August 5th, at the special request of the trial judge.

Commutations to fines are ordered by Governor Kitchin in the cases of John Brittain and Joe Smith, McDowell county, under sentence of twelve months for blockading whisky. The commutation is because the most guilty man of three accused seems to have escaped punishment by turning State's evidence. Brittain and Smith are required to pay fines of $150 each and give bonds of $250 each for good behavior, especially in not distilling liquors again.

RICE MURDER A MYSTERY

Police Now Believe Robbery Was Purpose of the Murder.

Cleveland, Ohio., Aug. 8.—The theory that W. M. Rice, the wealthy attorney whose murdered body was found near his Euclide Heights home on Friday night was assassinated for revenge, was practically abandoned by the police this evening. The discovery of new clues yesterday and today, all of which point to attempted robbery being the motive of the crime have confirmed their opinion that hold-up men are responsible for the lawyer's death.

A reward of $10,000 for the apprehension of the murderers has been offered, $5,000 by Mr. Rice's law partners and $5,000 by Wm. Nelson Cromwell, of New York, has brought hosts of amature sleuths into the field, but the police maintain their pessimistic attitude as to the mystery of the murder ever being solved.

From some sources which they refuse to divulge the police claim to have learned that a robbery had been planned by professional criminals in the neighborhood of Mr. Rice's home on the night of the murder. This information has convinced the authorities that Mr. Rice was killed by thieves whom he accidentally encountered and attempted to arrest. Jaquiel Guielliano, a former golf caddy, who was supposed to be at enmity with Mr. Rice and who was arrested last night on the golfing ground behind the Rice home has convinced the police that he knew nothing of the crime and he will probably be liberated either tonight or tomorrow morning.

Mr. Rice's funeral took place this afternoon. It was attended by the leaders of county city and bench and bar and by scores of prominent business men.

SCHENCK VS. VANDERBILT.

Non-Suit Taken in Biltmore Forestry Cases at Asheville.

Asheville, N. C., Aug. 8.—Formal entries were made in the Superior Court today of non-suits in the two cases brought by Dr. C. A. Schenck against George W. Vanderbilt. The suits followed the dismissal of Dr. Schenck as forester of the Biltmore estate, because of the leasing by a Chicago hunting club of the hunting and fishing privileges on the estate.

Suits were then started against Mr. Vanderbilt for about $8,000 alleged to be due on back salary, and for some $2,000 in addition. These are now settled out of court, but the terms of the settlement are not made public.

GOVERNMENT WILL AID THE INDIANS

Vigorous Prosecution Planned to Reclaim Land in Oklahoma.

WERE VICTIMS OF FRAUDS

Court Decision in Favor of The Government—Purpose to Overcome An Injenious Joker—May Prove Sensational.

Beverly, Mass., Aug. 8.—A vigorous prosecution to reclaim title to a vast amount of Indian land in Oklahoma is being planned by the Department of Justice for the coming Autumn. One of the principal actions in prospect is to overcome the effect of an ingenious "joker" which was written into the Indian Appropriation before that measure was handed to the President for his signature. The "joker" was discovered by Solicitor General Bowers, but it was agreed between the President and Mr. Bowers that it was too late to send the bill back to Congress and that a means of offsetting the "joker" could be devised.

This "joker" which is now a law, granted the right of appeal to the United States Supreme Court in a case involving 20,000 Indian contracts, which had been decided in favor of the government by the Court of Appeals of the Eighth Circuit. As the matter had been taken into the Circuit Court on a demurrer the defendants had no right of appeal to the Supreme Court.

It is the belief of the government officials that the authority to appeal was sought and secured not with any idea that the case might be won in the court of final resort, but simply to gain a delay of a year or eight months.

This belief is based on the fact that the lands involved in this case are practically all oil and coal lands and they are being stripped of their resources as fast as the coal is mined and the oil pumped. A year and a half delay means millions of dollars to the claimants. The plan to offset this move by the possessors of the land is to apply to the United States Court in Oklahoma for a receiver for the lands just as soon as the Autumn term begins. In this way the court will exercise full control over all the operations and secure the benefits to the final one and three-eights successful bidders.

In investigating the contracts by which it is contended the Indians have been defrauded of the lands granted them by the government, it is said that the Department of Justice officers have unearthed a startling condition of affairs involving many well known persons, which will come out when the cases are heard. The government is fighting the cases hard for the Indians and once the lands are reclaimed it is proposed to further protect them if Congress can be prevailed upon to do so.

President Taft has told several of his callers recently that he was fully acquainted with Vice President Sherman's attitude as to the Indian contract cases involved in the pending Oklahoma investigation caused by the Gore charges and that he knew the Vice President was strenuously opposed to allowing the big fees to attorneys in connection with which the alleged attempt at bribery occurred.

NEGRO MADE "ROUGH HOUSE."

Hamlet Visitor at Lumberton Colored Odd Fellow Hall Last Night.

(By Long Distance Telephone.)

Lumberton, N. C., Aug. 8.—During an entertainment which was being given in the colored Odd Fellows' hall here tonight about 11 o'clock, John Jessup, a negro from Hamlet, broke up the show by raising a row and using his knife on Charlie McLeod, a colored boy, about 18 years of age. McLeod's clothing was badly slashed but he suffered no other damage. Policeman McNeill was called to the scene but Jessup dashed into a corn patch, the officer shooting at him as he ran. After following him some distance the negro was again overhauled but refused to halt when a second shot was fired at him. He made his escape, however, and at midnight is still at learge, though officers are after him.

Atlanta, Ga., Aug. 8.—Betting on elections became illegal in Georgia today when Gov. Brown signed the anti-betting bill just passed by the Legislature. The House passed an anti-lobbying bill which now goes to the Senate. The House also passed a drastic white slave bill making it unlawful to procure females for immoral purposes. The penalty is imprisonment for from one to twenty years. This measure has yet to pass the Senate.

CATHOLICS WILL WAGE FIGHT

A Move "In Defense of Catholicism" in Spain—Mammoth Manifestation Against the Government First Step Planned.

San Sebastian, Aug. 8.—The Catholic juntas of the Basque Provinces decided at a meeting today to wage a broad campaign "in defense of Catholicism" and to use all efforts to spread the propaganda throughout Spain. As the first step they named a general committee to organize a mammoth manifestation against the government. Latter they will seek to create militant juntas in every province.

The Carlist leaders also held a meeting today, but behind closed doors. The suspicion that the Catholics and Carlists are working hand and hand increased the uneasiness of the authorities. Cardinal Merry Del Val, the papal secretary, has forwarded to the President of the junta the thanks of the Pope and the apostolic benediction. There were no disorders of any kind today.

About half the number of those arrested on Saturday night, while taking part in a street demonstration, and shouting "death of Spain; long live the Pope" were released today. The Basque Senators and deputies have decided to ask for the release of the others and to interpellate the governmental the opening of the cortes protesting against the arbitrary acts at San Sebastian."

The Government, however, will insist upon the prosecution of the signers of the insulting protest directed to it by the Catholics, the Premier hoping thereby to expose the real cause of the agitation in the Basque provinces. The queen mother, who is a zealous Catholic, congratulated Premier Canalejas and the Governor today on the success which attended their efforts to prevent trouble here on Sunday.

CRAZED BY DRINK, SHOOTS THREE.

Two Men Dead and Other in Serious Condition.

Asheville, N. C., Aug. 7.—News was received here tonight of a tragedy in Murphy, N. C., Saturday night, in which two men lost their lives and another was seriously wounded and may die.

According to the meagre reports received, Lex Battles, of Murphy, while under the influence of liquor, walked into the Jenkins hotel and without warning opened fire on a group of young men who were congregated there. Benjamin Hyde, of Cadiz, Ky., was shot through the heart and instantly killed, and J. J. Simpson, of Rogersville, Tenn., was shot through the body and died today about 4 o'clock. Hugh Johnson, of Marble, N. C., who was shot and seriously wounded, has a chance to recover, but his wounds are said to be dangerous.

Hyde, who was studying for the ministry, and J. J. Simpson were spending their vacations in Murphy.

Battles was arrested and is now in jail in Murphy.

TWO PRESIDENTS AT BEVERLY.

Chilean Executive Greets Taft—Remains Over Night in Boston.

Boston, Mass., Aug. 6.—President Taft's solicitude about the health of President Montt, of Chile, who is showing the effect of long hours spent in traveling, caused the Chilean chief executive to change his mind about returning to New York on an evening train and he will not leave this city until the 1:03 train tomorrow evening. It was learned from President Montt on his arrival here from a visit to President Taft at Beverly during the day, that when President Taft had noticed his visitor's apparent fatigue he urged him to use the presidential yacht Mayflower to return to New York and thus avoid the train ride. President Montt, who expressed delight at his cordial reception and the charming hospitality of his host declined the use of the yacht, but decided to remain in Boston over night to rest. President Montt said his visit to Beverl ywas purely social.

Narragansett Pier, R. I., Aug. 8.—J. Butler Swan, of Marshall, Va., a member of Faurquier county polo team, who was injured in a practice match at the Point Judith Club grounds here last Friday, died at the hospital tonight without having regained consciousness.

SOCIETY LEADERS IN MORTAL DREAD

Consternation in High Circles at Narragansett Pier Over Raid.

GATHERED AT ROULETTE WHEEL

Constable Besought Not to Give Out Names—Detectives Employed to Watch the Officer—Rich New Yorkers.

Narragansett Pier, R. I., Aug. 8.—There is consternation toginht in the higher society circles of this fashion-There is consternation tonight in the fear that Constable John G. Cross, who conducted the gambling raid at the Narragansett Pier club Sunday may make public the n ames of the men and women, prominent in society, who were on the premises at the time.

Prominent matrons, personally or through emissaries, have besought the officer all day not to give out their names. Constable Cross so far has complied, but he says not because the daies have asked it.

"To publish these names would give unnecessary pain and cause unnecessary embarrassment," he said tonight, "but if these people appear in court to answer to the summonses which have been served on them, it will be then impossible to keep their names from the public, and there will be a good deal of surprise when it is learned that prominent men and women are concerned. And they will have a lot of embarrassing questions to answer, too."

Constable Cross said tonight that he was being constantly followed by detectives whom he believes to be in the employ of some of the society people against whom his action was taken, and he is almost in fear of his life. Although he succeeded in securing his release when arraigned to answer to an assault charge, it was on a technicality only, and he is patiently waiting the next move against him.

There were upwards of 30 society women in the crowd gathered about the roulette wheels and other games of chance that, it is asserted, were in the club house at the time of the raid, according to Mr. Cross. Many of them have tried to explain, the constable says, that they had just dropped in to the club for lunch, after leaving the hop at the casino, but Mr. Cross declares he saw no signs of any lunch, and that the majority were gathered about the game boards when he entered.

Rumors of possible arrests in the case were current tonight and kept the Pier alive with interest. More developments are expected within a short tim.

It became known tonight that Wm. Ivins, of New York; Prof. Brander Mathews, of Columbia University, and Mr. R. G. Dun, of New York, were among the persons who were behind the raid of the club. Mr. Ivins said in a statement tonight:

"This town is in the throes of a gambling epidemic which has enveloped rich and poor alike. The majority of the people who visited the swell club were not summer residents of Narragansett or Narragansett Pier, but were members of automobile parties from New York and elsewhere. And, while they gambled at the high-toned places, their chauffeurs went to five other places which are known to exist, and lost their money.

"This epidemic of gambling has entirely changed the character. Property has depreciated in value from 25 to 50 per cent, and the voting population has fallen off 200 per cent, all because of the gambling."

Mr. Ivins said that George L. Cutting, of Worcester, one of the raiding party, examined a roulette wheel and had found evidence that the white had been "fixed," leaving the player at the mercy of the operator.

DEATH IN ROBESON

Heavy Rainfall—Lumberton and Boardman Play Ball—Personals.

(Special Star Correspondence.)

Lumberton, N. C., Aug. 8.—Mrs. Archie Buie, residing at Buie Station, on the Coast Line, 10 or 12 miles from here, died yesterday. Mrs. Buie was 95 or 96 years old, and one of the most loved and sincere Christian women of that section. She is survived by three sons, Messrs. D. A., D. C., and Malcom, and four daughter, Misses Katie, Mary, Effie and Rebecca. The funeral was conducted at Philadelphus Presbyterian church today at 1 o'clock.

The Lumberton and Boardman baseball teams played two games here this afternoon, both of which were won by the home team.

San Rafael, Cal., Aug. 8.—It is reported that between 12 and 30 persons were killed and many injured tonight in a collision at Ignacio, ten miles north of here between a northbound passenger train on the Northwestern Pacific and a light engine. A report to the train dispatcher's office places the dead and injured at 25. A relief train carrying the victims, is expected to reach San Rafael soon.

New York, Aug. 7.—Commander Peary's historic ship the Roosevelt was reported on fire at her berth in the East river early this morning.

WAYNE REFUBLICANS SPLIT

Morehead Captured Majority of Convention at Goldsboro Yesterday. "Rump" Convention Held Later by the Old Liners.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 8.—The Republicans of Wayne county gathered in this city this afternoon and held a convention to name delegates to the State, judicial and congressional conventions, and, taken altogether, they had a "high old time." It was rather amusing to listen to them twist and turn the English language into nonfascinating loops and bow knots, but by paying close attention your correspondent gained a clue to what they were talking about. There were about 100 apparently participating as affiliates of the G. O. P.

The convention was called to order by the chairman of the county executive committee, Mr. Swift Pate, who requested Major H. L. Grant to act as temporary chairman, and on coming to the chair the major expressed his surprise at this honor, and his gratification at being given the opportunity to subserve the interest of his choice for State chairman, Hon. John M. Morehead, who, he said, was desirous of building up a Republican party in North Carolina of the people, and not of mere Federal office-holders, ringsters and bosses, as represented by Mr. Carl Duncan, the opponent of Mr. Morehead, for the State chairmanship.

When Major Grant, the chairman, had concluded his "aperient" remarks, the secretary, Mr. Louis Grant, son of the chairman, read the official call for the convention, and then the chairman announced the next thing in order was for the delegates to submit their credentials to the secretary. This was done, and as there were no contests, a credentials committee was dispensed with, and the chairman announced that permanent organization was next in order.

On motion made and put by Mr. E. W. Hill, the temporary organization was made permanent. At this stage the convention was earnestly addressed by Mr. John I. Mozingo, an "old liner," one of the "mossback" variety, in behalf of harmony, and urging that both Mr. Duncan and Mr. Morehead be given their relative strength in the convention, that there might be no harsh feelings nor roughshod masures.

Mr. E. A. Simkins also spoke in the same conciliatory vein, both of which talks seemed to "rile" Mr. E. W. Hill, whom Mr. Duncan brought to Goldsboro from his own town of Beaufort, and established in a good job under Postmaster Dobson here, which he held until nominated two years ago for Congress in this district. He assailed Mr. Duncan vigorously and with much personal feeling, and was several times pointedly interrupted by Mr. Simkins. Then Mr. Louis Grant spoke, forcibly advocating Mr. Morehead's candidacy. All this talk grew out of a statement by the cahirman that the (the chairman) would entertain a motion that the precincts be called and that each delegation in favor of instructing the county delegation as a whole for Morehead for State chairman, vote aye, and those in favor of an uninstructed delegation vote no. In this way, said the major, we will be able to determine the relative strength of Mr. Morehead and Mr. Duncan in this convention. Now, every Duncanite in the convention thought that this meant just what they had been asking for, that the vote of the county be divided according to the proportion of adherents each had in this convention between Morehead and Duncan, but they all seemed to forget for the moment who was the chairman of the convention and the originator and "entertainer" of that motion, heads I win and tails you lose, all but John I. Monzingo. He got up and said "right out" that he did not like that motion, that "the ghost of Caesar was lurking in it;" that it was not square;" that there was latitude for fraud in it. But the motion was put and voted on, and the vote, as announced by the secretary, stood 46 ayes and 23 nays.

In other words, 46 were for Morehead and 23 were for Duncan, but the chairman promptly ruled that the delegates to the State convention from Wayne county, under this vote, would cast the solid vote of the county for Morehead for State chairman. Then one of the Duncanites got up to inquire, but he was told that the matter was settled and was not debatable.

Whereupon the 23 Duncanites quietly withdraw from the hall, and under the lead of Mr. Simkins, organized another convention and named a contesting delegation to the State convention. Prior to this controversy the convention had unanimously endorsed Hon. W. S. O'Robinson for judge of this district, and sent an instructed delegation on the afternoon train to Smithfield to vote for him.

The convention had no unseemly incidents, other than the steam roller with Major Grant at the throttle and his son doing the scoring, and it just rolled right smoothly over the whole assemblage, crushing them flat, the only escape being Postmaster J. F. Dobson, and his corpse could not be found among the killed and wounded, but only because he had not been there at all.

CREAGOR ACCUSED AT LAND INQUIRY

Hamon Asserts That Congressman Solicited "Sums" From McMurray,

INDIAN DAY AT THE HEARING

Lost Patience With Government and Were Willing to Make Any Kind of Sacrifice to Dispose of Land —Evidence.

McAlister, Okla., Aug. 8.—A charge that Congressman C. E. Creager, of the Third Oklahoma district, had solicited "sums" of money from J. F. McMurray, holder of the Indian land contracts that are being subjected to a Congressional investigation, was made by Jake L. Hamon today before the special investigation committee appointed by the House of Representatives.

The charge developed in connection with the inquiry into Senator T. P. Gore's declaration that he had been offered a $25,000 or $50,000 bribe to help "put through" Congress the McMurray deal by which he asserted McMurray and his associates would be able to secure $3,000,000 or 10 per cent. as attorneys fee in the sale of 450,000 acres of coal, asphalt and timber land now belonging to the Indians in this State.

Senator Gore said Hamon first offered the bribe in McMurray's behalf and Congressman Creager also had testified that Hamon had "suggested" that he (Creager) might secure an "interest" in the contracts if he helped remove all opposition to their approval by Congress and President Taft.

Appearing before the committee today Hamon made the counter charge against Creager. He said the Congressman had solicited money from McMurray during the pendency in Congress of a bill which had been drawn by McMurray and which was introduced. This bill provided for the sale of the surface land to private individuals and for the sale of the mineral wealth to the government.

Although the McMurray contracts were not referred to in it, the bill, Hamon said, was so termed that McMurray might have been enabled to put in a claim for the attorneys fee. The measure, however, was not passed.

"I want Mr. Creager recalled to the stand to answer these charges. I want him to explain why, just after he introduced that bill he went to McMurray and under the guise of loans demanded from McMurray large sums of money. I think it will throw considerable light on the Indian land situation at Washington if Creager is recalled and asked about his repeated demands of money from McMurray."

On being informed by Congressman Charles H. Burke, chairman of the committee, that it was doubtful if Creager would be recalled, Hamon asked to be allowed to introduce witness to testify as to his charges. His request was taken under advisement.

It was "Indian day" at the hearing. Many Indians testified they had signed the McMurray contracts allowing 10 per cent. attorneys fees because they had been impatient at the Government. As the Government wards they said they had concluded they had to employ attorneys to fight the government in order to secure what money had been promised.

It was pointed out that 85 per cent. of the Choctaws and Chickasaws had signed the 10 per cent. agreement. This represented a large portion of the 110,000 Indians in this State. That McMurray's agents had gone among the Indians and asked them to sign the contracts and to send telegrams to President Taft urging him to approve the sale of the land on a 10 per cent. "attorneys fee" basis was the burden or most of the Indians' testimony.

"We have become used to the '10 per cent. idea'," declared Park Anderson, a Choctaw, "most of the Indians in this State have to pay 10 per cent. on all debts and borrowed money. We have become so dependent on attorneys that they have a hand in almost everything we do. Do you mean to say that to sell your land you are willing to give McMurray $3,000,000 or enough to hire all the lawyers in Oklahoma?" asked Congressman Miller.

"Yes. We have waited so long for the government to act that we would give 25 per cent. if that would cause a quick settlement. We want money to develop land on which we live.'"

It was estimated by C. C. Choate, another Choctaw, that if his land was sold through the McMurray contracts his share would be $5,000 with a reduction of $500 in fees.

"Now," he said, "I would rather have $4,500 while I am living than wait till the government acts and get $5,000 when I am dead."

A singular appearance was presented by Charles Laflore, a Choctaw, who as captain of police had figured in many a battle of the plains. He had only one eye, three of his fingers were shot off and his body was covered with bullet wounds. Asked about the activity of McMurray's agents he related that he had been induced to sign a telegram, the wording of which

Fayetteville, N. C., Aug. 8.—Fayetteville and Wilmington battled for 11 innings to a standstill, score 2 to 2. This afternoon the managers used five pitchers and three pinch hitters in vain efforts to land the game.

Though badly outbatted the Highlanders played a grand fighting game, repeatedly threatening to score without getting a hit after three innings off Howard's and Brook's light pitching. Fletcher was knocked out in the early stages. Peartree saved the game for Fayetteville when Brook's pinch hitter swatted a home run drive to deep left which a fleet outfielder pulled down over his shoulder on a dead run. Kluttz and Cantwell also made brilliant catches. Mullen and Tydeman of course starred all round.

GIANTS WIN FROM WILSON

Score Four to Two Against Tobacconists at Goldsboro Yesterday. "Bubber" Freeman Make His Debut—Hero Runs Came.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 8.—Merchant did not allow a hit until the sixth inning today. However, he weakened on the ninth, allowing three hits, but Goldsboro had obtained a good lead and won out. In the first innings on a base on balls, a sacrifice a two base hit, a wild pitch, a hit batsman and an error, three runs were made by the Giants. Two hits and a stolen base, sent another man across for them in the sixth. Wilson scored two runs in the ninth on three hits a passed ball and a wild pitch.

Miller, MacDonald and Evans featured at the bat the latter getting two two-baggers, Sharpe of Wilson made a beautiful catch in the eighth robbing MacDonald of a hit. "Bubber" Freeman, a Goldsboro boy, made his "debut" as an umpire here today and gave satisfaction in every respect.

BASEBALL CHARITY BENEFIT

Benedicts and Bachelors to Do Battle on League Park Diamond Wednesday Week—Line-Up a Notable One.

Arrangements are rapidly making for the big baseball charity benefit at League Park on Wednesday afternoon, August 17th, and unless all indications are contrarywise, an immense crowd will witness the contest. The game will not only be worth going miles to see, but, being for the benefit of the Associated Charities, the game will enlist the hearty support of all.

After having been assured military protection, Messrs. R. R. Stone and George Rountree have consented to umpire, one the balls and strikes and the other the bases. Mr. Rountree will apply Blackstone to the judgment use upon all base runners. The game of the balls and strikes, and Mr. Stone has secured a square and compass to will be played under the distinguished patronage of the clergy, and no arms will be allowed, except to the umpires. Mr. Norcum Sweeney, an old hero of the diamond, will be general manager of the festivities, and has just closd with "Fox" Howard for the moving picture privileges for the afternoon. As before stated, the Benedicts will line up on the one side and the single men on the other. It will be a battle royal for nine innings, and all the fans and fannies will be required to attend under penalty of ostracism for violation of the mandate.

In the line-up of the Benedicts will be such stalwarts as Swift M. Boatwright, J. O. Carr, David D. Barber, W. B. Cooper, Charles N. Evans, B. G. Empie, F. A. Fetter, R. H. Gwaltney, Dr. Charles T. Harper, G. E. Leftwich, Charles O. McNair, John McEachern, Roger Moore, Iredell Meares, R. H. Pickett, Phil Pearsall, Fred L. Pearsall, R. G. Rankin, Jr., J. M. Stevenson, J. Herbert Stone, W. G. Sale, T. E. Sprunt, Joseph D. Smith, Charles E. Taylor, J. R. Turrentine, Joseph W. Yates, George H. Moore and M. M. Woody.

Some of the single men who will be seen in uniform are: G. J. Boney, H. E. Boney, J. Stevenson Brown, R. E. Calder, J. W. Carmichael, C. O. Clifton, George W. Chesnutt, F. A. Fick, Meares Harriss, F. E. Hashagen, Jr., E. C. Hines J. N. Jacobi, Joe Jacobs, Ed Zahm King, George F. Lucas, Jr., Walter G. McRae, A. S. Mincy, Neill More, Thomas R. Orrell, Carl B. Rehder, J. R. Styron, J. L. Solomon, R. LOCAL DOTS.

—There will be an important meeting of the board of directors of the Y. M. C. A., in the rooms of the association tonight at 8:15 o'clock.

—The schooner Philips M. Brooks, Captain Sanders, cleared last Saturday from Little River, S. C., with cargo of lumber from the Hammer Lumber Company for Philadelphia.

—The tug Standard, Captain Johnson, arrived in port yesterday from New York, towing oil barge No. 92, which will be discharged to the Standard Oil Company here.

—Thomas Robinson, colored, charged with simple assault on B. Devell, colored, was given a hearing yesterday before Justice Bornemann, who reserved his decision.

—Thomas B rown, colored, who lives at 608 Wood street, was discovered yesterday morning to have a well-developed case of smallpox, and was sent to the pest house, where he is being treated.

—The local police have been asked to look out for and arrest H. M. Malpus, a railroad engineer, who is wanted in Fayetteville on the charge of larceny, it being alleged that he stole $30 in money from a lady's purse at the Commercial Inn in that city.

—The Star has, with the compliments of Mr. C. E. Hall, a very fine peach grown on his place at Winter Park Gardens, which is making quite a reputation for itself as a producer of fine fruit. The peach from Mr. Hall's place is of very large variety and decidedly luscious—a "peach" of a peach.

—The annual meeting of the County Superintendents of Education of the State will be held at Chapel Hill, August 30th to September 2nd, and will be attended by practically every county superintendent in the State. Prof. Washington Catlett, superintendent of schools in this county, will attend.

—Many friends will regret to learn that Master William Sanders, young son of Capt. and Mrs. W. A. Sanders, had his left arm fractured in two places Saturday afternoon, while playing in the gymnasium of the Boys' Brigade Armory. While exercising on a pair of rings his hands slipped and he fell to the floor. He was taken to his home, a short distance away, and a physician summoned.

—"Over Silent Paths," a story of the American desert, will be the feature of the programme at the Bijou theater today. It is a biograph subject, and is therefore an excellent picture. In this story the fact is emphasized that there is no rose without its thorn, and there is seldom gold without its curse. "The Flag of Company 'H,'" an exciting Western military production, will also be shown today.

—It was stated on the beach Sunday that two persons, Mr. Williams, of Wilson, and Mrs. Wilson, would have in all probability been drowned Saturday afternoon while out surf bathing in front of the Seashore Hotel, had it not been for the efforts of Life Saver Thomas Piver. The gentleman and lady were caught by the undertow and carried beyond their depth. They were well nigh exhausted when Mr. Piver reached them, but he soon had them ashore.

—Quite a large crowd attended the second sale of Wrightsville Beach lots yesterday morning, and the bidding was lively. A number of lots were disposed of, and they brought fine prices. The property is located just north of the Tarrymoore Hotel, and is being rapidly developed. A special suburban train left corner of Front and Princess streets at 10 o'clock yesterday morning, for the accommodation of those who desired to attend the sale.

—Mary Diggs, colored, adjudged insane some days ago by the Clerk of Superior Court, will be taken this morning to Goldsboro, where she will be cared for in the State Hospital for the Insane. Prisoners in the county jail, as well as people living within a block of the institution, will doubtless receive the information with pleasure, for the woman has been exercising her lungs considerably in early morning hours, when others were endeavoring to sleep.

—Deeds were filed for record yesterday as follows: John L. Boatwright to Octavia Boatwright Gwaltney, for natural love and affection and $10, lot on south side of Orange, 73 feet east of Fourth street, 37x82 feet in size; The American Suburban Corporation to J. M. Mitchell and A. T. Walsh, trading as J. M. Mitchell & Co., of Newbern, for $275, lot 2 in block 30, Carolina Place, the same being on the north side of Perry avenue, 33 feet west of Twentieth street, 33x113 feet in size.

—E. T. Rembert, a young white man, and James Moore, colored, were arrested at 5:10 o'clock yesterday afternoon, at Front and Chestnut streets by Patrolman W. R. Applebury, on warrants charging them with assault with deadly weapons. Following a dispute, it is alleged that Rembert struck the negro with a piece of iron pipe, and the negro in turn struck Rembert with a rock, or threw it at him. Rembert gave bond for his appearance at trial today, but the negro was not so fortunate.

—Alderman Fred W. Bonitz, chairman of the Streets and Wharves Committee, stated yesterday that he had notified the management of the Cape Fear Club that the wall on the Chestnut street side of the club property is dangerous, and that unless removed by Wednesday it will be torn down by the city forces. Many complaints have recently been received about the condition of the wall, and as a protection to the public the sidewalk has been blocked off and the west end of the wall has been propped with timbers, to prevent its falling.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Tuesday, August 9th, 1910.

Judging from references to the new Fall style of narrow skirts for ladies, laps have gone out of style.

If anybody enjoys creating a row that will make him "fear assassination," it is the Hon. Tom Watson of Georgia. He lights a fuse under himself and then gets "skeered."

In a school election at Shoreham, Long Island, N. Y., the suffragettes elected only women. The male politicians will light a cigar and gleefully wait till the lady "outs" become wedded to the idea of rotation in office.

The Republican hosts of North Carolina will hold their State Convention at Greensboro tomorrow. It makes no difference which side wins, it could never wipe out the disgrace which Republicanism has never failed to inflict on North Carolina.

A contemporary says that Republican National Committeeman E. C. Duncan "charges that Morehead has never attended a Republican convention." Mr. Morehead should hasten to enter a plea of guilty. That would indicate that Mr. Morehead is particular about himself.

The Norfolk Landmark is satisfied with the identification of the tariff as the Mother of Trusts, but inquires "Whether the late J. W. Powell was the father of conservation or not?" If it should be proven that he is, he left an orphan that the G. O. P. is allowing to shift for itself.

There is a sanitary bill before the Georgia Legislature proposing to make it unlawful for railroad companies, proprietors of hotels, office buildings, factories or stores to furnish drinking cups which the crowd can use in common. If that bill passes, a man must carry a cup—unless he never uses a chaser.

Tom Watson, having returned to the Democratic party, has stirred up so much bad blood in the Tenth Congressional District of Georgia, by opposing the renomination of Congressman Harwick, that the ex-Populist firebrand pretends to fear "assassination." Watson should suppress himself, if he thinks he has done anything that calls for assassination.

According to the Charlotte Chronicle, the Hon. Jake Newell, Charlotte's Republican genius, who has never gotten much out of politics, has gone to farming and is nursing a 60-acre cotton field. We should infer that Jake has decided to hoe his own row, instead of wasting his time for the success of a party against which North Carolina certainly should maintain a perpetual quarantine.

"Bleeding Kansas," which got its name because it always had a hard row of stumps to hoe amid struggles innumerable, was a few years back "plastered all over with mortgages." It is now reported that within three years the people of Kansas, including many farmers, have spent $12,000,000 for 10,000 automobiles. This should be remembered the next time any sympathetic person feels like taking up a subscription for Kansas.

President Taft has decided not to make any political speeches. Well, of course, it surey is risky at this juncture of political perturbability. A politician hardly dares to offend insurgent sentiment, and cannot take chances on giving hope to standpatters. The tariff quicksands are now as dangerous under the feet of a Republican politician as the "free silver" pitfalls were under those of a Democratic trimmer in the days of "unlimited" ideas. A single word might ruin everything for 1912! Only the Sphinx is safe.

PROPOSED PRIMARY ELECTION.

The "muddle" in which the Sixth Congressional District finds itself by by reason of the fact that we have two Democratic nominees for Congress in the field, has attracted a great deal of attention from the Democratic press throughout the State. It generally is agreed hat the trouble has been caused by the bunglesome plan of Democratic organization under which the precincts and counties can select their delegates in about as many ways as they choose, and the necessity generally is recognized that some satisfactory plan of making nominations should be devised.

The Star has all along favored a legalized primary election so hedged about that fraud and corruption may be minimized and which will provide the severest punishment for any man or men who commit the terrible crime of setting aside the will of the sovereign people. Such a law should limit the expenditures for each office on the part of a candidate for such office, in accordance with the emoluments which an officeholder may expect from an office. It is also well to prevent certain methods that make a primary election obnoxious, the aim being actually to permit the people to make nominations themselves. The press generally favors the primary plan while several contemporaries have urged objections to it. It makes no difference what plan is adopted so long as it is a good one and not a makeshift, and certainly the system of making nominations should be uniform for all the counties.

Several of our South Carolina contemporaries have taken notice of our trouble in the Sixth District and have proffered us the South Carolina primary election system. The Chester (S. C.) Lantern remarks: "We of South Carolina would not have the convention plan again. We are anxious to see North Carolina discard the convention system and adopt the primary system which is in vogue in this State. South Carolina's way is the best." On the other hand, some of our North Carolina contemporaries are not altogether stuck on the South Carolina plan, but we rather think their objection is on account of the abuse of that plan by the South Carolina candidates. Any plan, either in South Carolina or North Carolina, may be ever so good but the candidates or certain people can make it objectionable or convert it into a farce.

North Carolina need not necessarily adopt the South Carolina system, which, after all, is a patterned after a system prevailing in some other States, with such amendments as the South Carolina Democrats have seen proper to adopt. We can take the best of their plans and the best of the plans of other States and there is no reason why the objectionable features of all should not be eliminated or changed to suit North Carolina Democrats. North Carolina Democrats really ought to make a big improvement over all of them, as we have had enough experience by this time to know what is needed in the way of making nominations that shall be the choice of the people and not of the politicians.

The Charlotte Chronicle, quoting the Chester paper, agrees that it is quite evident that some change in the manner of makintg nominations must be made in North Carolina and that before another two years. "How would it do," the Chronicle asks, "to get Jarvis, Aycock, Avery, Doughton and Kluttz, of the Sixth District Investigation Committee, while they have their heads together, to suggest some other plan than the one now in operation?" That committee, which is an unexceptionally good one, will have its hands full when it meets at Wrightsville Beach next Thursday for the purpose of making efforts to settle the contest between the Hon. H. L. Godwin and the Hon. Oscar L. Clark, our two Democratic nominees who are known as "the Sixth District twins." However, their duties necessarily will lead them into a thorough consideration of the present plan of nomination which is blamed for the trouble. They may find that it is not altogether the fault of the plan of nomination but the advantage taken of its lax and simple provisions, or lack of provisions, by politicians who are in the game to win by every means that they consider fair.

The distinguished gentlemen who compose the committee will have a fine opportunity to study the present unsatisfactory plan and how it was taken advantage of, and if they see proper they might make some interesting discoveries and evolve some valuable suggestions that will save a tremendous amount of dissatisfaction in the future. The investigation will enable the gentlemen to put on their thinking caps and certainly they will be of great value in the near future when the Democratic party will have to face the absolute necessity for adopting some direct nominations plan that will least tend to disrupt a party that should remain a unit for the safety and honor of North Carolina.

That a grafter or briber would hesitate to lie out of it would be astonishing. Denial of a charge that has to be passed upon by a jury or public opinion must be expected and discounted in the face of ugly circumstances.

THE DOCKERY ROAD.

The Star a few days ago heartily endorsed the splendid proposition of the Rockingham Post, which lead off in the movement for the construction of the "Mountains to the Sea Highway." It is hardly necessary to repeat that the proposition is to build a first-class modern roadway connecting every county from Wilmington to Charlotte and to Asheville, including the numerous prosperous towns en route.

Editor H. C. Dockery, of the esteemed Rockingham Post, sprung the scheme, and it has met with enthusiastic indorsement in every county through which such a magnificent highway would pass, connecting Wilmington with hundreds of towns and splendid sections of the State, easy access to which could be had by automobiles, private conveyances and wagon transportation. Editor Dockery deserves a great deal of credit for making a proposition that promises a scheme that can be carried out without any great difficulty. He is enthusiastic over it, and so are the numerous newspapers published along the proposed route.

The Maxton Scottish Chief, in endorsing the highway proposition, says:

"The Rockingham Post, a journal that has a head piece that is always at work along original lines, has suggested a public highway between the cities of Wilmington and Charlotte, and believes that 'by agitation for a while by the newspapers and people all along the line,' it can soon be established.' The Scottish Chief heartily seconds the motion and will guarantee our people to build from Maxton to the Scotland county line; and we, of course, expect them to do much better."

From several of The Star's contemporaries it is learned that most of the counties between Wilmington and Charlotte have paid so much attention to their road systems that it would be an easy matter to connect up the roads of each county, build a few bridges, and gradually improve the entire road, so that it would in a year or two accomplish the big proposition which Editor Dockery makes. It really seems that it is a practicable scheme, and therefore should be carried out. The best way to get it on foot is to have a meeting of representatives from all the counties named, collect the data from each county concerning the condition of their roads, the necessity for other roads and bridges, and ascertain the cost involved in making the "Mountains to the Sea" highway a certainty. Editor Dockery is leading the way, and no doubt he can stir up the counties so that they may get together and go to work on a definite proposition. The Star believes that it is well worth being made a practical undertaking.

Speaking on a question involving this same matter, the Charlotte Chronicle contains this interesting reference:

"The Rockingham Post is advocating a bridge across the dam at Blewett's Falls. It is a capital idea. As the Post says, "the Pee Dee is a great barrier to that intimate social and commercial life that should exist between Anson and Richmond counties. The bridge would link us closer together. It would open up a great highway from Wilmington to Charlotte. The falls would be easily approached from Wadesboro or Rockingham. The bridge should be built over the dam. There are no engineering objections. It would be comparatively inexpensive." The dam is 60 feet high and is a quarter of a mile long, and its top is sufficiently wide for the purposes of a roadway. It would be a great scheme and we hope Editor Dockery will get the commissioners of Richmond and Anson counties and the power plant people together on it."

NATIONAL ARCHIVES.

It would seem that a nation so historic and important as that of the United States would have made preparations ere this for the preservation of the records concerning Governmental and historic matters of very great value to the people of this country, yet a fire in Washington a few days ago emphasized the fact that the National archives had a narrow escape from fire in a building used by the Interstate Commerce Commission.

The Baltimore Evening Sun says some of the papers stored in the burned building were of the utmost value, but they were saved only through the courage and energy of William Connelly, chief clerk of the Commission. They appear to have been records of the Interstate Commerce Commission, and were heaped in a garret, without the slightest protection from fire. Had they been destroyed, it is said the settlement of a number of pending railroad cases would have been greatly delayed and innocent persons would have suffered very heavy losses.

The astonishing statement is made that it is a common custom of Government officials at Washington to store public records in cellars and garrets, often in flimsy rented buildings not at all suited for any such purpose. Not one of the departments has room for proper housing of its archives.

The Government should own its own fireproof buildings for preserving at least the most important of its records, and it is quite probable that money would be saved by erecting such buildings, as the government pays out big rents for buildings that really are not fit to be used. The Treasury Department, for example, pays a rental of $8,000 a year for a large storage warehouse to shelter the greater part or its million cubic feet of records. The records accumulate at the rate of 25,000 cubic feet a year, and as it would require a tremendous fireproof building for all the records, it is quite apparent that a number of buildings for each department will have to be erected some of these days.

This is a young nation yet, and it seems that we are only begining to build our capital. As we grow, the nation will have to erect additional buildings, the magnificence of which will have to comport with those splendid piles which are the pride of the people of the United States.

Most everybody wants to tug at the line of least resistance.

The man with the wildcat ideas is the fellow who wants to make the fur fly.

If Colonel Roosevelt is the apostle of peace, he should do something that would give the G. O. P. a little peace of mind.

A safety pin gave Ethel Leneve away. It indicated that she was either a girl or a mollycoddle, and led to her detection.

It is said there are in circulation only 23,000 of the $1,000 bills issued by the Treasury. Married malefactors probably are using them for pocket change.

Colonel Roosevelt continues to refuse to talk about certain things. If he persists in acting like he holds a secret, even the ladies will be anxious to pick it out of him.

In their conventions the Republican factions are calling each other "scoundrels," "liars," etc. Why on earth don't they confine themselves to the undisputed facts in the case?

The Colonel's escapade in the coal fields and his chats with those snaggle-tooth women received only passing notice. Dr. Crippen still holds the stage, so the Colonel may as well think up some other stunt.

CURRENT COMMENT.

Hamon says that, at the time he is charged with having offered a bribe, he was "attending to his business." That is exactly what Senator Gore contends he was doing.—Richmond Virginian.

Of course it was to be expected that A. H. Eller would be chosen to succeed himself as Democratic State chairman if he would accept. He has made a most able, impartial and effective chairman. His speech at the Charlotte convention marked him as a wise and safe leader.—Greensboro Telegram.

If Butler and Adams hadn't arranged their suit, there would be much more interest in the investigation of the Gore charges. It was McMurray who, according to Butler, had had dealings with Judge Adams. That charge brought on the litigation in which Butler lost.—Raleigh News and Observer.

Down in Mecklenburg Mr. McNinch says that he is as good a Democrat as Webb; in Gaston and Lincoln he is a business man; over in Madison and Mitchell, he tries to be a Republican. Now, why should anybody want to vote for a shifter like that? It's only an attempt to deceive the voters, but she won't go in these diggins.—Madison (N. C.) Record.

Noting that the North Carolina Grand Camp of Confederate Veterans has accepted an invitation to Norfolk for early in September, the Norfolk Landmark urges that the Virginia Grand Camp meet on the same date. In fact, the North Carolina acceptance was postulated upon an assumption that the Virginia veterans would come also. We hope that this matter can be aranged. It would be a very pleasant affair for all concerned. —Charlotte Observer.

The Daily News of this morning has a long editorial on the chairmanship fight. It is quite to the point — from the Duncan view—and much of it can be indorsed by even a Democrat. Now what we are waiting to see is if the News will stand to what it says in the event Butler wins out with Morehead. The article points out the danger of permitting Butler to lay hands on the party in this State, and incidentally the harm he can and is liable to do could he have his way—in the State bond matter, for instance. It makes mighty interesting reading, and as stated, contains a great deal of truth. The question, however, is will the News eat its dish of crow and take back what it said this morning? If it tries it, how can it swallow it? —Greensboro Record.

From the way the Republican chairmanship fight is lining up it can hardly be denied that for Morehead to win is to put the party completely under the domination of Butler. That gentleman says he is laboring for a decent Republican party; he wants to eliminate the office-seeking horde, all of which is commendable, but is there a man living who believes this elimination would be made? Is it not as certain as fate that, given control, Butler would build up a machine just like Duncan's, only far more disreputable, if such a thing were possible? We are willing to do Morehead the justice to say that, could he have his way, he would no doubt purify the party—if he could — but with Butler at the helm, how in the name of sense can anybody expect improved conditions? In truth, they would be worse. —Greensboro Record.

Governor Jarvis, who spent the first part of the week in Greensboro, has lost none of his wit, which was always original and to the point. Talking with an old friend here who was a Democrat until the silver craze came along, but who has since been a Republican, he said: "They do not play the political game like they did in our day, and they do not have as much fun. In a tight place we could fall back on the negro and shake him and win; now the negro is out of it and I have been fearful of results, but things are working out all right. Butler is in the game, and we can shake him and win, for he is worth more to us than the negro every time." Unlike most men of his age, Governor Jarvis does not live in the past by any means; he is right up with the procession and knows what is done and how it is done. He is a live wire.—Greensboro Record.

The proceedings yesterday in the Republican convention — or rather conventions — at Beaufort, Duncan's bailiwick, is a kind of an index to the sort of time they are going to have in the State convention, next Wednesday. In the Carteret convention, the Morehead crowd awoke to the fact early in the game that the Duncan clans had things fixed. There was a Duncan chairman, a Duncan secretary and a Duncan committee on credentils. Morehead's supporters were laid out to a man. They found that the only thing they could do was to make a bolt for another meeting place and hold a separate, or rump convention, after the manner of the Sixth district Democrats. Meantime, the Duncan convention placed its seal of approval upon the list of delegates to the State convention, previously selected, and also approved the previously selected list of delegats to the judicial and congressional conventions. Then, after Duncan had exhausted his vocabulary on Butler and Morehead, his conventions adjourned. That is Duncan's way of doing business when he has the power to do it, and is an indication of how he proposes to run things at Greensboro, unless the Morehead faction happens to have the upper hand. And it is from the Duncan plan of rule or ruin that the Republican party in this State wants to pray to be delivered.—Charlotte Chronicle.

ENCAMPMENT BRANCH, I. O. O. F.

Sixty-Third Annual Session Will Be Held in Fayetteville Today and Tomorrow—Wilmington to Be Represented at Sessions.

The sixty-third annual session of the Grand Encampment, Independent Order of Odd Fellows, will be held in Fayetteville today and tomorrow, with an attendance of some 75 or 100 of the most prominent members of the fraternity in this State. This is the higher branch of Odd Fellowship and is never as largely attended as the Grand Lodge meeting.

Wilmington will be well represented at the meeting. Among those who will leave on the A. & Y. this morning for Fayetteville are: Mr. John E. Wood, representative from Campbell Encampment, No. 1; Mr. W. L. Smith, a Past Grand Patriarch, and Mr. Richard J. Jones, Grand Treasurer of the Grand Lodge, and probably others. The first session will be held this afternoon, beginning at 5:30 o'clock, at which organization will be perfected. The transaction of business matters before the encampment will begin at tonight's session. Tomorrow the encampment will be in session practically all day. The Wilmington Odd Fellows are expected to return Wednesday night.

The encampment will be extended an invitation to meet in this city next year, and members of the local encampment believe that the invitation will be accepted. So far as known here there is no formidable competitor for the honor of entertaining the next meeting.

The officers of the Grand Encampment are: Grand Patriarch, Gilmore Ward Bryant, Durham; Grand High Priest, W. G. Allen, Waynesville; Grand Senior Warden, R. P. Clingman, Winston-Salem; Grand Scribe, R. H. Ramsey, Charlotte; Grand Treasurer, Wesley Williams, Elizabeth City; Grand Junior Warden, Dave Gaster, Fayetteville; Grand Marshal, C. F. Lumsden, Raleigh; Grand Sentinel, K. Kendall, Shelby; Grand Outside Sentinel, J. R. Spry, Coinjock; Grand Representatives, L. W. Jeanneret, of Asheville, and W. L. Smith, of Wilmington.

SUNDAY AT LOCAL RESORTS

Crowds Visited Both Wrightsville and Carolina Beaches—Many Went to Fort Caswell on Steamer Wilmington.

Both Wrightsville and Carolina beaches were thronged with visitors Sunday and the crowds spent the day most pleasantly. The regular guests and the week-end visitors at Wirghtsville Beach were augmented Sunday by the arrival of several hundred who took advantage of one-day excursion rate offered by the Coast Line. The crowd at Carolina Beach was one of the largest ever seen at that popular resort and several hundred took advantage of the splendid surf bathing there.

The Tarrymoore and Seashore Hotels, Wrightsville Beach, were literally crowded with guests Saturday night and Sunday while the boarding houses had about as many as they could accommodate. In addition the visitors from a distance several hundred townspeople went down to the resort Sunday afternoon and in the evening.

For the benefit of those who desired to visit members of the Wilmington Light Infantry, in camp at Fort Caswell with the other companies of the Coast Artillery Corps of the North Carolina National Guard, the steamer Wilmington toucheu at the fort landing on each of her two trips down the river Sunday. The morning boat leaving at 9:30 was well crowded with passengers, some stopping at Carolina Beach, others going to Southport and still others going over to the fort. Some 15 of those who went to the fort on the morning trip did not go ashore, but came back to Carolina Beach, where they spent the remainder of the day. Although it was raining some at the time of the departure of the afternoon boat the steamer was crowded to such extent that it was hard to find a seat. Most of the crowd got off at Carolina Beach. The steamer was crowded on both the afternoon and evening return trip.

The Wilmington Light Infantry is making splendid showing in camp. The number was considerably augmented Sunday by the arrival of members who could not get away last Friday when the encampment began. "Muster" was the order of the day Sunday and this required several hours. The remainder of the day was given over mostly to rest and recreation and the entertainment of the visitors.

A member of the Greensboro company arrived Sunday and went down on the 2:30 o'clock boat, expecting to land at the fort. There was nothing to indicate to a person who had never been down the river before that the fort had been reached and consequently he did not know until some distance away on the return trip that he was being brought back to the city. The boat did not return to the landing nor stop at Southport, so the young man returned to the city and probably went down yesterday morning.

Among the recent arrivals at the Seashore Hotel, Wrightsville Beach: Mr. and Mrs. P. J. Mayer, Jr., Misses Nettie anu Sadie Mayer and Mary L. Rhede, of Maysville, S. C.; Mrs. S. A. Thrower, Red Springs; Mrs. J. T. Fields, Laurinburg; Mrs. D. M. Tedder and Miss Ruth Tedder, Charlotte; Misses Alma Cunningham, Rena and Lillie Tillman, Laura McCain, Waxhaw; Miss Mary Smith, Bishopville, S. C.; Mr. and Mrs. J. W. Roberts, Charlotte; Mr. and Mrs. A. N. Wood, Gaffney, S. C.; Mr. and Mrs. F. J. Crews, Fayetteville; Mr. and Mrs. I. Stimson, St. Louis; Mr. and Mrs. Charles McNeill, Red Springs; Mr. and Mrs. B. W. Butler, Kingstreet, S. C.; Mrs. W. H. Webb, Memphis, Tenn.; Mr. and Mrs. J. B. Francis, Birmingham, Ala.

BOARD OF EDUCATION MEETS

Regular Monthly Session Held Yesterday Afternoon — New Buildings and Repairs—School Opens September 5th.

Matters of interest pertaining to the rural schools of the county were considered at the regular monthly meeting of the County Board of Education, held in the office of the superintendent, at the Court House yesterday afternoon at 4 o'clock, with Chairman J. O. Carr presiding and Mr. D. J. Fergus, member of the board; Prof. Washington Catlett, superintendent, and County Treasurer H. McL. Green in attendance. An adjourned meeting will be held next Monday afternoon, at which the matter of locating the Greenville school house nearer the suburban station will be taken up.

Treasurer Green submitted his report for the month of July, and the same was approved by the board. Formal report was made that a new room had been added to the colored school building at Acorn Branch, district No. 6; extension of 13 feet erected to white school house in district No. 8, near Capp's store, and work is to begin today on a new school building in district No. 9, Carolina Beach, for the colored people, to replace one burned some time ago.

Some time ago a number of residents of Greenville Sound petitioned the board to remove the Greenville school nearer the suburban station, on the ground that the change would make the school more convenient for the greatest number of patrons in that district. The matter was taken under advisement. There was some objection by patrons residing in the district, but it is now stated that they have withdrawn their protest and will favor a new location. Mr. Thos. Bagley has offered to give a site a short distance from the suburban line station, and the matter of accepting this offer will be decided at a meeting of members of the board and the committeemen of the district, to be held in the Court House next Monday afternoon. Suprintendent Catlett was instructed to notify the committeemen of the district that the matter would be finally considered at Monday's meeting.

It was decided to sink a deep well at the school house in district 13, provided it will not cost exceeding $50. Suprintendent Catlett was authorized to purchase desks for some of the schools in the county. It is stated that some 30 or 40 additional desks are needed.

In accordance with the custom for the past few years, the rural schools will open for the Fall term the first Monday in September.

DANGEROUSLY STABBED.

Colored Youth Uses Knife on Negro Man Who Knocked Him Down.

Caleb Howell, colored, was severely stabbed in the right side in a difficulty with Joseph Wallace, a 16-year-old bootblack, at corner of Second and Market streets yesterday shortly after 12 o'clock. Howell was taken immediately to the James Walker Memorial Hospital, where he is being given attention, while Wallace ran, destination unknown, and although the officers searched the city during the afternoon and evening, he had not been arrested up to midnight.

It is stated that Howell was feigning drunkenness and was making himself particularly objectionable. He is said to have applied an epithet to the lad without any cause whatever, and then struck him a terrific blow that sent him sprawling in the street. The youth arose quickly, with open knife in hand. The keen edge of the weapon was driven in Howell's right side. The negro grew weak rapidly from the loss of blood. The ambulance was called and he was hurried to the hospital. While the wound is serious, it is not thought that it will prove fatal. Wallace has been employed as a bootblack at James Thomas' barber shop, on Front between Dock and Orange streets.

A NEW BRICK STORAGE

Will Be Erected for Peanut Factory and General Use by Mr. Cooper.

Work will begin within the next ten days on a new brick storage on Nutt, between Grace and Walnut streets, which will be erected by Mr. W. B. Cooper, to take the place of the old one, which has just been torn away, and will be used in connection with his wholesale grocery business as a peanut factory and for other general storage purposes.

The building will be a two-story structure, and the size will be 75x150 feet. It will be modern in every detail, and especially suited to the business to which it will be assigned, and the plans were drawn by Mr. Henry Bonitz, the architect. The work of tearing away the old storage is just about completed, and material is being placed for the new building. The peanut factory will be equipped with the very latest machinery, and efforts will be made to have the building completed and the factory in running order by the middle of October.

Y. M. C. A. MEETINGS.

Membership Committee Plans for Membership Campaign.

The membership committee of the Y. M. C. A. and the Yoke Fellows met to talk over regular and new business in the directors' room of the association last night. The former will in the near future meet to perfect plans for a big campaign for new members and renewals. The association is at this time doing more work than ever before at this season of the year for the young men of the city, and there is no reason why there should not be a membership equal to any association in the two States by the end of November.

—Joe Stewart, colored, who is believed to know something of the larceny of a quantity of meat from The Corbett Company some nights ago, was arrested at midnight last night by Patrolmen C S. Burnett and Bullock. Stewart was at the foot of Market street awaiting the arrival of the steamer Wilmington when he was spied by the officers. The negro ran, but was overtaken by Officer Bullock. No charge has been preferred against the negro, but he is being held pending further investigation.

CONGRESSIONAL COMMITTEE

First Session Friday Morning — Ex-Governor Jarvis, Chairman—Scope and Purpose of the Investigation.

Hon. William E. Springer, chairman of the recent Congressional Convention which nominated the Hon. O. L. Clark, of Bladen, and others who took part in either or both of the sensational conventions held at Wrightsville Beach, have received official notifications of the hearings to be held at the same place by the committee recently appointed by the State Committee to handle the situation to the best advantage.

The notifications come from ex-Governor T. J. Jarvis, of Greenville, acting chairman of the committee, and instead of the hearings beginning on Thursday night, upon arrival of members of the committee, the notifications are to the effect that the first sitting of the committee will be Friday morning, August 12th, at 10 a. m. Concluding his letter of notification to those interested in a settlement of the unfortunate controversy, ex-Governor Jarvis writes as follows, the utterances of a statesman and a party leader whose counsel should avail, viz.:

"It is the desire of the committee to get all the facts and circumstances in connection with the holding of the two conventions at Wrightsville, resulting in the nomination of two candidates for Congress, to-wit: the Hon. O. L. Clark and the Hon. H. L. Godwin, and in the appointment of two executive committees, to the end that they may make a report in accordance with the actual facts, and make recommendations which shall be just to all parties.

"The committee especially desires to have a conference with the two gentlemen named as candidates by said convention, the presiding officers and secretaries of the convention, and the chairman of the two executive committees. I, therefore, in the name of the committee, earneestly rquest you to meet with the committee at Wrighsville, Friday, August the 12th, 1910, and to use your influence with the other gentlemen named to attend also. I trust I need not assure you that this committee will enter upon this delicate task without prejudice to any one, and with the sole purpose of finding a way, after they shall get all the facts, out of this unfortunate muddle, which shall be just to all, and which shall restore unity and harmony to the party in that district.

"I am sure I do not appeal to you in vain to meet with the committee in this work. No one can be hurt by making the effort. If we succeed we will have done our State and party a gret service. If we fail we will have done our duty. But we cannot fail if the gentlemen named will meet with the committee in the same spirit in which they have been invited.

"Yours very truly,
"THOMAS J. JARVIS."

NEW BANKING FIXTURES.

For the American Bank's New Home Have Been Ordered.

Banking fixtures and other material to handsomely equip the interior and to rebuild the exterior of the American National Bank's new home and finish it up in an elaborate manner have been ordered and the work of overhauling the building bought from Mr. Geo. O. Gaylord on North Front street, will begin within the next few weeks.

The order for the handsome stone columns, which will give a splendid appearance to the front of the bank was given to the Carolina Cut Stone Co., of this city, and will be secured from Georgia by the latter part of the month. The order for the wood fixtures has been awarded a Charlotte firm. It was stated yesterday by an officer of the American bank that this institution will have the largest banking room in the city in their new building.

There will be a special room for the lady patrons of the bank and elaborate rooms for the offices. The general work will cost between $6,000 and $7,000.

The first work will be on the large new vault that will be built. The brick for this work has been ordered from a Burgaw firm and is the finest to be secured. The new place will be in readiness by the middle of October, when the American bank will vacate the present building on Front, between Princess and Chesnut streets.

CARGO INTO NEW STORAGE.

Steamer Reliance to Discharge at Seaboard Warehouse "B."

Seaboard warehouse "B," one of the large terminals of the railroad company on the wharf, which was destroyed by fire last Spring, has been rebuilt and is about completed. The British steamer Reliance, Capt. Candish, arrived yesterday from Hamburg, Germany, with cargo of 5,222 tons of kainit, and was docked at the new storage, where she begins discharging today.

The Reliance is the first vessel to discharge at Storage "B," although other shipments brought by rail have been placed in this warehouse recently. The storage, as previously stated, was rebuilt by a Hickory firm, and is about the same size of Storage "A." The company is now prepared to handle the many vessel shipments that are consigned to the Seaboard from Northern and foreign ports.

Work on the third big terminal warehouse will begin at an early date and will be used exclusively by the Pocomoke Guano Company for storage purposes.

REPUBLICANS IN CONVENTION

Steam Roller in Fine Working Order—Postmaster Wallace and Friends in Absolute Control—Delegates Named.

The Republican county convention held at the Court House yesterday at noon to ratify the action of the Republican primaries held last Tuesday and to elect delegates to the State convention which meets in Greensboro tomorrow was an exceedingly tame affair.

The steam roller had been oiled and could not have been in better working order. Postmaster T. E. Wallace and his friends were in absolute control of the convention and the other faction in the county if faction there existed, did not as much as offer a protest to anything that was done. While the delegates to the State convention go uninstructed it is understood that they will favor the nomination of Duncan for State chairman. The Brunswick county delegation, named some days ago, also go uninstructed, but it is understood that Duncan will get a goodly portion, if indeed not all, the vote of the county.

The convention was called to be held in the court room at 12 o'clock but at that hour the Recorder's court was still in progress and owing to the small number of Republicans who took enough interest to attend it was decided that the grand jury room was sufficient in size to accommodate all. When Chairman D. L. Gore called the convention to order shortly after 12 o'clock there were 19 persons in the room, including two representatives of the local press. Chairman Gore retired in a few minutes, but a few other Republicans entered about the time of his departure. The number stayed around 19 or 20. An aged colored man was a spectator for a few minutes. He had a standing position in one corner of the room. He was not recognized, however, by any of the party leaders and did not tarry long. After calling the convention to order Chairman Gore asked the secretary, Mr. D. D. Lennon, to read the call, which set forth the purpose of the meeting. A roll call showed the following in attendance:

First Ward—Wm. Sheehan and C. O. Knox.
Second—W. J. Meredith.
Third—D. D. Lennon and F. A. Thompson.
Fourth—Postmaster T. E. Wallace and D. L. Gore.
Fifth—J. W. Brooks.
Cape Fear—T. A. Watson.

Postmaster Wallace said that ordinarily it was the duty of the chairman to appoint a committee on credentials, but he saw no need for it at this convention and moved that the returns of the board of canvassers be accepted as constituting the report of the board of credentials. There was no objection and the motion of the postmaster prevailed. Returns from the board of canvassers was also made as to the Senate and Sheriff, Mr. D. D. Lennon being nominated for the former and Mr. E. H. Freeman for the latter.

Chairman Gore asked Postmaster Wallace to advise him how to proceed, as it was the first political meeting over which he had ever presided. The postmaster stated that the next thing in order was the effecting of a temporary organization following which permanent organization would be in order. Here the postmaster commented upon the action of Geo. H. Bellamy, Esq., at the Democratic convention held at Wrightsville Beach, stating that in his opinion Mr. Bellamy erred in attempting to continue as chairman after his duty of calling the convention to order had been discharged. Upon motion Postmaster Wallace was elected permanent chairman and Mr. Gore, who had an important business engagement, begged to be excused. Upon motion of Mr. W. J. Meredith, seconded by Mr. J. W. Brooks, Mr. D. D. Lennon was elected permanent secretary.

Upon motion of Mr. Brooks the convention ratified the action of the Republican primaries held last week. The chairman stated that it was the custom at such conventions that a platform or set of resolutions be adopted to give general knowledge of what are the principles for which the party stands that others might join the Republican hosts. Upon motion the chairman was empowered to appoint a committee of three to draft resolutions. The following were named as the committee: Messrs. Brooks, Watson and Knox. Chairman Wallace stated that it had been suggested that the matter of electing delegates to the Congressional convention be deferred, for the Republicans of the district may be influenced by the result of the Democratic muddle, growing out of the Wrightsville convention; that there was no need for delegates to the Judicial convention as there was no vacancy in the district, and that Mr. Lennon, the nominee for the Senate, had requested a delay in the election of delegates to the Senatorial convention, pending the receipt of certain information he desired. At this juncture the committee on resolutions reported, the resolutions, which were unanimously adopted, being as follows:

"Resolved, That we cordially approve the administration of President Taft, believing that the Republican policies upon which he was elected have been substantially carried into effect.

"We congratulate and endorse the State Republican organization for its splendid work in the past several campaigns, which has resulted in the increase of the Republican vote in this State from 60,000 votes in 1900, to 79,050 in 1904, and to 114,937 in 1908.

"We believe this rapidly increasing vote indicates that the aggressive principles of Republicanism are more and more meeting the aceptance of our people and we confidently believe the State will become within a few years a Republican State; as these principles are better understood.

"We invite the support and co-operation of all citizens in the coming campaign, and, while the Democratis State committees are endeavoring to decide whom Democratic district conventions have nominated, we submit it would be of great service to himself and his country for the individual citizen, instead of playing the pawn on the political chess board of Democratic politicians, to realize his high duty as an American citizen and let his vote represent his convictions on economic and governmental questions.

"For the committee.
"THOMAS A. WATSON,
Chairman,
"C. O. KNOX,
"J. W. BROOKS."

Delegates to the State convention were elected as follows, upon motion of Mr. Watson: Messrs. S. M. King, E. H. Freeman and J. W. Brooks, alternates, Messrs. H. S. Meredith, Louis Goodman and T. E. Wallace. Chairman Wallace stated that he did not consider it necessary to instruct the delegates, feeling certain that they would act for the best interest of the party, but stated that he would entertain a motion to instruct the delegates There was no motion and the chairman again brought up the matter of delegates to the other conventions. Upon motion it was decided to defer the election of delegates to other conventions to a subsequent meeting to be held at the call of the chairman.

The next matter before the convention was the election of a chairman of the county executive committee and executive committee.men Upon motion of Mr. Watson, seconded by Mr. Meredith, Mr. J. W. Brooks was elected chairman of the committee. Upon motion committeemen were named as follows: J. W. Brooks, T. A. Watson, Wm. Struthers, Jr., Fred B. Rice, D. L. Gore, T. E. Wallace, C. O. Knox, D. D. Lennon. The committee is practically the same as before. Mr. Brooks, however, will have two votes on the committee in case of a tie on any matter, as he was first elected chairman and then elected a committeeman.

Mr. J. Hewlett, of Delgado, entered the room at this juncture. He stated that he was under the impression that the meeting was to be held in the court room and had been upstairs waiting for the crowd to gather. It was stated by Chairman Wallace that Mr. Hewlett was not a delegate. Mr. Hewlett addressed the convention, stating that the people of his precinct desired the Republicans to put out candidates for county commissioners and declared that if this was done a large number of former Democratic votes of Delgado would be found in the Republican column this year. Chairman Wallace stated that it was too late now to think of putting out any more candidates, the primary having already been held, but suggested that any who desred might vote for Republicans in November by writing their names on the blank space on the printed ballot. The chairman said that there was no reason why the Republicans at the next election should not have a more compact and concrete organization. He was glad to see the increased interest in Republicanism in New Hanover county.

Upon motion a recess was taken shortly after 1 o'clock until such time as the chairman shall see fit to call the delegates to re-assemble.

BEFORE THE RECORDER.

White Man Goes to Roads Six Months for Larceny—Other Cases.

Oscar Bagwell, a white man, was the principal defendant in a two hours' session of the Recorder's court yesterday morning. He was charged with the larceny of $19 from Mr. J. H. Niggell, it being alleged that he receipted for a bill for this amount and received the money, stating that he had the authority to give the receipt. It later developed hat he did not have the authority to receive the money. Two witnesses appeared against the defendant, who did not offer any testimony. F. W. Bonitz, Esq., appeared for the prosecution. The Recorder sentenced the defendant to six months on the county roads.

Pet Willis was given a sentence of six months on the county roads for assault with deadly weapon on George Lowe. The latter is a trusty at the convict camp and is said to have been cut with a knife by Willis when he came to the city to transact some business. Robert Lovett, a middle aged negro, was called to answer two charges—assault with deadly weapon and carrying concealed weapon. The Recorder fined him $30 and costs, or four months on the roads.

Jim Edwards, colored, the negro who attempted to burn his way out of the city prison Saturday night, was fined $10 and costs for drunkenness. A warrant was issued yesterday charging him with attempting to burn the city prison and the case will be investigated today. Willie Hayes was given 30 days on the roads for vagrancy. Mary Murray, colored, was sentenced to 30 days on the county farm for disorderly conduct. A case against E. S. Capps and John Williams, both white, charged with an affray, was continued.

HOT-WEATHER DYSPEPSIA

It is a well known fact that it is harder to digest cold food than warm food, and as most of the food eaten in hot weather is iced, a great amount of digestive suffering results. It is well to be careful about what you eat in hot weather, and not to over-eat, but it is more important still if you are suffering from indigestion to have it cured promptly. It is hard enough at best to bear up under terrible heat, but when the stomach is loaded with food it cannot digest and the bowels are clogged with decaying matter, the whole system becomes congested. You become subject to headaches, colds, fever, constipation and a dozen and one ailments that make life a burden. Take a few doses of Dr. Caldwell's Syrup Pepsin and you will find immediate relief and in a short time a permanent cure. It will cleanse the stomach and bowels and give your system a new start. Appetite, good spirit, sound sleep and energy will soon return and your dyspepsia will have vanished. The cost is only 50 cents or $1.00 a bottle, and there is sufficient for you and your family. PINER-McLEAN WEDDING
SOCIAL EVENT IN COLUMBIA.

Mr. Vance Clyde Piner, son of Mr. and Mrs. E. Piner, of this city, and Miss Anabel MacLean, of Columbia, S. C., were married in Columbia last Friday evening, and the event was of wide social interest in the Palmetto capital. For the past two years Mr. Piner has resided in Columbia, where he holds a responsible position with the Palmetto Bank. His many friends in this city will be interested in the following, taken from the social column of Sunday's Columbia State:

"Social interest of the week centered in the MacLean-Piner wedding, and the delightful affairs given for the bridal party made the week one of the happiest of the summer.

"A pretty compliment was shown the bride and groom by the ushers Wednesday evening, when a Dutch dance and luncheon were given at Ridgewood Club. The hosts, Hamilton Love, J. Q. Davis, Jr., Willie Gibbes, Jr., Daniel Zimmerman and H. W. Champion had planned everything for the pleaure of their guests and every minute was enjoyed by the congenial party. Dancing was in order the first part of the evening, a Dutch luncheon served in the charming club diding room, bringing the happy little affair to a close.

"Mr. and Mrs. D. H. MacLean, Miss Anabel MacLean, of St. Paul, Minn., the bride-elect; Vance Clyde Piner, the bridegroom, of Wilmington, N. C.; Miss Eugenia Ivey, of Atlanta; Miss Jessie Knight, of Greensboro, and Miss Christine McIlwain were the guests.

"Mr. and Mrs. D. H. McLean entertained Thursday evening in honor of the MacLean-Piner bridal party. After the rehearsal heid in the First Presbyterian Church the bridal party were invited to spend the evening in the charming MacLean home. Purple asters were used with pretty effect in the decorative theme, the rich purple clusters showing against a background of palms and ferns. A sweet course was served in buffet fashion in the dining room and an informal smoker held on the veranda for the men of the party. The guests who so thoroughly enjoyed the gracious hospitality of the host and hostess were: Miss Anabel MacLean, Miss Eugenia Ivey, Miss Jessie Knight, Miss Christine McIlwain, Vance Clyde Piner, Daniel Zimmerman, Hamilton Love, J. Q. Davis, Jr., William Gibbes, Jr., H. W. Champion.

Miss Anabel MacLean, of St. Paul, Minn., sister of D. H. MacLean, of Columbia, and Vance Clyde Piner, of Wilmington, N. C., were married Friday evening, August 5, at the First Presbyterian Church, Columbia. The ceremony was performed by the Rev. Mr. Blackburn, pastor of the Arsenal Hill Presbyterian Church, of Columbia.

"The church was completely carpeted with snowy white garlands of white roses and carnations, the effect of a cool green glade. A luxuriant profusion of palms hid the pulpit and railing, before which the bridal party stood.

"As the first strains of the wedding march were sounded the bridal procession entered, led by the following ushers: Hamilton Love, J. Q. Davis, Jr., William Gibbes, Jr., and H. W. Champion.

"Following the ushers came the maid of honor, Miss Eugenia Ivey, of Atlanta, a petite brunette beauty exquisitely gowned in hand-embroidered net over lustrous yellow satin. Hand-painted slippers of yellow satin and hair ornaments of gold were worn with the effectively becoming costume, the last touch being given in the great armful of golden daisies.

"The bride entered on the arm of her brother, D. H. MacLean. She was radiantly lovely in her bridal toilette—an imported robe of embroidered chiffon over rose pink satin. The bridal veil edged with Irish point lace floated to the end of the long train and was caught with orange blossoms in the fair hair, the soft meshes framing the delicate blond beauty of the fairy-like little bride. The only jewel worn by the bride was a locket belonging to her mother. She carried a shower bouquet of bride roses and lilies of the valley.

"The bridegroom, Vance Clyde Piner, and his best man, Daniel Zimmerman, stood at the pulpit to receive the bride.

"Immediately after the ceremony Mr. and Mrs. D. H. MacLean entertained at a large and brilliant reception in honor of the bridal party. A rich background of palms and a profusion of trailing ivy vines formed an effective background for the masses of bride roses used throughout the house in the decorative scheme. Mantels, chandeliers and curtains were twined with the graceful vines and the white roses stood about in vases of cut glass. In the receiving line in the reception hall, where the guests were welcomed, stood Mr. and Mrs. D. H. MacLean, Mr. and Mrs. F. M. Craver and Mr. and Mrs. Van Clyde Piner.

"The hostess was very handsome in a costume of green messaline garnished in gold lace. Her jewels were pearls. Mrs. Craver appeared in a beautifully hand-embroidered lingerie gown.

"Punch was served in the dining room by Miss Jessie Knight and Miss Christine McIlwaine. In the drawing room the presents were displayed, exquisite pieces of cut glass and silver received from friends throughout the United States several from Canada and abroad. All during the evening telegrams of congratulations were received by the happy couple, among them a cheery message from Miss Isabel and Miss Mary St. Clair, sisters of Mrs. MacLean, who spent several days in Columbia last week on their way to their cottage on St. Clair River, Canada.

"In the dining room, where t he refreshment course was served, the bride's table stood, and one of the prettiest features of the evening was the cutting of the bride's cake by the bride and groom and the bridal party. The ring was cut by Miss Jessie Knight, the thimble by Miss McIlwaine, the button by J. Q. Davis, Jr., and the money by Miss A. Grace.

"Mr. and Mrs. Piner left Friday evening for Washington. They will visit Ocean View and other points in Virginia before returning to Columbia. The bride's going-away costume was a handsome suit of black broadcloth with pearl trimmings, worn with a becoming waist of black net over Persian silk.

"After a honeymoon lasting several weeks Mr. and Mrs. Piner will return to Columbia, where they will be at home to their friends at the Berkeley apartments after September 1. Mr. Piner has been with the Palmetto Bank of Columbia for some time, and has made a large circle of friends here who will join in a hearty welcome to his bride."

MATINEE THIS AFTERNOON.

Wire Trouble Yesterday, but Everything Will be in Order Today.

Owing to some disarrangement of the wires between the ball park and the city at Fayetteville yesterday, the matinee advertised to be held at Struthers' had to be cancelled at the last moment, though a large number of fans gathered to get the "returns" from the rejuvenated Sailors on the Kiltie lot. The wires have been put in order for this afternoon, however, and the fans should turn out to witness the exhibition as portrayed on the electric scoreboard. The hour is 4 o'clock and the slogan is "Watch Wilmington Win." After yesterday's game the percentage column presents a more hopeful outlook and everybody is invited to hury their hammers and get in the game. A swift, speedy and certain operator will be at the key at both ends and the game will be flashed simultaneously with every play The admission is small—just enough to pay expenses—and all the fans will be welcome.

S. S. S. CURES OLD SORES

Every old sore comes from some kind of impurity in the blood. It remains an open, discharging place on the flesh because the circulation constantly deposits into the fibres and tissues which surround the spot, the infectious matter with which the blood is contaminated. It is impossible for the sore to heal while the blood is in this impure state. S. S. S. heals old sores because it is the greatest of all blood purifiers; it goes into the circulation and removes the cause from the blood. When the blood has been purified there is no longer any inflammatory impurity or infectious matter to irritate the place, and nature causes a certain and natural healing of the ulcer. It is all well enough to endeavor to cleanse an old sore, or stop the itching, or absorb the discharge, with external applications, but a cure can never be reached in this way, because such applications do not reach the blood where the cause is located. S. S. S. does not simply cause a scab to form over an old sore, but beginning at the bottom it heals the place permanently by building new tissue, and filling the place with firm healthy flesh. S. S. S. is a purely botanical remedy, being made entirely of roots herbs and barks, each of which has a direct and lasting effect in removing impurities and poisons from the circulation. Old people who have suffered for years with a chronic sore will find S. S. S. a most helpful tonic and system builder in counteracting the debilitating effects of the old ulcer. THE COOKING DEMONSTRATION

First of Series in New Woolvin Building Delightful Success—Large Crowd in Attendance and All Well Pleased.

The first of the series of Lectures and Demonstrations by Mrs. J. M. Whitted was held in the Woolvin Building yesterday afternoon at 4:30 o'clock. Considering that this was the first of the series, and the first of its kind in this city, the attendance was highly gratifying, both to Mrs. Whitted and the gas company. Nearly every seat was taken, and everyone seemed well pleased with the manner in which Mrs. Whitted conducted the demonstration.

A delightful menu consisting of broiled hamburger with sweet peppers, cheese straws, and lemon layer cake, was prepared and served to the ladies present, nearly all of whom took the recipes home for future reference.

More chairs will be provided for today, and additional fans installed, and everything possible will be done that will add to the comfort of those attending. The following menu will be prepared and served:

At 10:30 A. M.

Broiled Veal Chops Tomato Sauce
Saratoga Chips

At 4:30 P. M.

Puff Omelet Special Sauce
Spice Cake

In addition to the above Mrs. Whited will give recipes, and information for cooking nearly anything one might ask for, and will be pleased to answer any questions regarding culinary practice.

Those attending yesterday speak in highest terms of the manner in which Mrs. Whitted answered their various questions, as well as the even conversational way in which she delivered her lectures. "Pleasing in every way," was the verdict of all.

The Elevated Favorite Gas Range to be given away Saturday night, is on exhibition in the Demonstration rooms and was seen and admired by many at different times during the day. Those attending the Demonstrations will be given tickets, which, after being signed are dropped into a box until Saturday when the presentation will take place.

MR. JAMES SPRUNT INJURED.

Had Severe Fall at Narragansett Pier, R. I., Last Week.

Many friends in Wilmington of Mr. James Sprunt have learned with sincere regret that he suffered a fall at Narragansett Pier, Rhode Island, where he is spending the Summer, one day last week, resulting in the severe injury of one of his hips. Advices received here yesterday by friends and members of the family were to the effect that Mr. Sprunt was resting as comfortably as could be expected. It was stated that it was feared that his hip was fractured. This, however, had not been definitely determined when the last message to friends in this city was sent. It was stated that he would be subjected to another and more thorough X-ray examination to determine whether or not there is a fracture. His hundreds of friends in Wilmington and throughout the State hope that his injury will not prove so serious as first supposed and that he will not be inconvenienced many days.

—Mr. A. J. Barber, of Cerro Gordo, was in the city yesterday returning from a visit to Swansboro, his old home.

—Among the week-end guest at the Seashore Hotel, Wrightsville Beach, was Mr. W. B. Cooper, a well known country produce dealer of Siler City.

—Many friends of Miss Marguerite Holladay will regret to learn that she underwent an operation for appendicitis at the James Walker Memorial Hospital yesterday morning. She rallied from the operation and was reported yesterday afternoon as resting very comfortably.

—Dr. Joseph Akerman, city superintendent of health, is off on his annual vacation of two weeks and before returning will visit Macon, Ga., and his old home, Cartersville, Ga. During his absence Dr. W. D. MacMillan, county superintendent, will attend to the duties of city superintendent.

—Among the arrivals at The Orton yesterday were: W. N. H. Smith, Raleigh; W. H. Latta, Mrs. S. C. Latta and daughter, Laurinburg; D. G. Robeson, Red Springs; C. L. Bevill, Fayetteville; C. C. McDonald, Raleigh; J. A. Barker, Lumberton; J. J. Crosswell, Fayetteville; H. L. Lyon, Eso., Whiteville; W. H. McNell, Reaford.

The Sioux Defeated the Cherokees.

The Sioux indoor base ball team took a game from the Cherokee team in the gymnasium of the Y. M. C. A. last night. By agreement one of the regular indoor baseball base running rules was substituted for the outdoor rule that has been used heretofore. It is hoped that this will cut down the number of runs and make the game more interesting. The score in last night's game was 5 to 3 in favor of the Sioux team.

COTTON AT NEW HIGH LEVEL

Bull Movement Resumed With a Vigor on the Market—Went as High as 34 Points Over Close of Saturday—Activity.

New York, Aug. 8.—The bull movement in cotton was resumed today with a vigor which quickly advanced prices to a new high level. At one time the new crop positions were 34 points higher than the close of Saturday, while final prices for the day on the whole list were 29 to 35 points net higher, the undertone being firm.

The market opened strong and 17 to 29 points higher, in response to a dry Sunday in Texas. Private advices again reiterated that the showers in that State last week were entirely insufficient and had accomplished little good. There was a return of higher temperatures also over Sunday, which still further complicated the situation, and one local expert now in the South wired his house here that unless speedily relieved Texas could not possibly produce three and a half million bales, and might fall as low as three million. This sort of news induced heavy buying from all quarters. In the afternoon the demand from spinners was one of the leading factors in the advance, and this interest has taken a good deal of cotton out of the market in the last few weeks, which is not likely to come back. Wall Street and Liverpool were also good buyers throughout the day. Reactions after the opening were few and unimportant. Southern spot markets all showed advances, and spot cotton here was being sold on the basis of 15 to 15 1-2c for middling, or the net high prices of the season thus far. There was said to be an inquiry not only from domestic mills, but from Liverpool and the continentals. Liverpool was active and decidedly stronger on the bullish news from Texas and heavy covering. Both August and September in New York were exceptionally strong, with bulls apparently in full control.

Receipts of cotton at the ports today 500 bales, against 761 last week, and 1,206 last year. For the week 10,000, against 6,773 last week and 11,057 last year. Today's receipts at New Orleans 210, against 104 last year, and at Houston 1,633 bales, against 283 last year.

Spot cotton closed quiet, 15 points higher; middling uplands, 16.05; middling gulf, 16.30; sales, 13,144 bales.

Cotton futures opened firm and closed firm.

THE GRAIN MARKET.

Chicago, Aug. 8.—Expecting a bearish report from the United States government, the wheat trade today discounted prices. Values also felt the depressing influence of the big movement of the new crop. The close was easy, at a decline of a shade to 3-4c, compared with Saturday night. The session advanced corn 1-8c to 1-2c, and lowered oats a sixteenth to 1-4c. Provisions were irregular, finishing 17 1-2c down to 71c up.

COTTON MARKET IMPROVES.

Advance On Shortes Well Held During the Day—General Conditions.

(Special Star Telegram.)

New York, Aug. 8.—Foreign advices were satisfactory and with the weather map closely scrutinized our market opened with a sharp improvement and the shorts on the run some 30 points above the close being touched.

The advance was well held during the day but at quieter tone than earlier in the trading. Texas outlook is unsatisfactory and only slight rains have fallen in only a half dozen spots. The market is slowly broadening under the adverse conditions and a bullish weekly report tomorrow is expected. Liverpool spots are 1.76d above last year.

The situation is confusing and views differ as to whether the market is overbought or oversold. The certificated stock here is declining now 180,000 bales.

CROP REPORTS AFFECT STOCKS

Prices Sharply Depressed on the Market Yesterday—Copper Producers' Report of Interest in Financial District.

New York, Aug. 8.—The Government report on condition of grain crops on August 1st and the July statistics of the Copper Producers' Associations were two items of news which attracted the greatest amount of attention in the financial district today. The effect was more of repression than of simulation on speculative activity. The first effect of the government crop report was to depress prices sharply, but a rally followed.

The copper producers' report was well received, more from its contrast with predictions of its contents than from positive betterment in trade conditions to be inferred from its showing. The impression had got abroad that a substantial increase in the surplus stock on hand would be shown by the report. An increase of only 2,254,661 pounds was accepted, therefore, as an agreeable disappointment. A reduction in the month's production in the month's production of 8,849,185 pounds, compared with June, indicated an extremely moderate restriction of output. The rise in copper stocks in response to the report was belated, following a long pause, after the statistics were first published. The stocks broke again later, in common with the whole market, but showed vigorous resistance.

The disappointment manifested over the complexion of the crop reports owed some part, at least, to the fact that intimations had been freely circulated claiming an authoritative origin, that the government report would prove a pleasant surprise to those who had feared the damaging effects of the dry, hot weather in the corn belt. The confusion of sentiment over the actual situation in the stock market was accurately reflected in the feverish fluctuation which followed the appearance of the crop report in the last half hour of the stock market. But support was accorded the market, and the rallying power of the copper helped in sustaining the general list at the last. The more favorable weather conditions which have existed since the days of the report, both in the corn belt and in the spring wheat region, neutralized the effects to some extent. Bonds were irregula. Total sales par value $906,000. United States bonds were unchanged on call. Total sales for the day, 377,- shares.

GOVERNMENT CROP REPORT.

Average Condition on August 1st. 79.3 —Given by States.

Washington, Aug. 8.—The average condition of the crop on August 1st as estimated by the crop reporting division of the Department of Agriculture and made public with the general monthly crop today was 79.3 as compared with 85.4 last month, 84.4 a year ago and 82.1, the average on August 1st for the past ten years.

Preliminary returns indicate a Winter wheat yield of about 15.8 bushels per acre, or a total of about 458,291,000 bushels, as compared with 15.8 and 446,366,000 bushels, respectively, as finally estimated last year. The average quality of the crop is 92.6 against 90.3 last year.

The average condition of Spring wheat on August 1st was 61.0 as compared with 61.6 last month, 91.6 last year, and 81.9, the ten year average on that date.

The average condition of the oat crop on August 1st was 81.5 as compared with 82.2 last month, 85.5 a year ago, as 76.8 in 1908 and 82.6 the ten year average on that date.

The average condition of tobacco August 1st, was 78.5 as compared with 85.3 last month, 83.4 a year ago, 85.8 in 1908 and 82.6 the ten year average on that date.

The condition in important States was: North Carolina 74, Virginia 85, South Carolina 73.

Bar silver 53; Mexican dollars, 44.

DRY GOODS MARKET.

New York, Aug. 8.—A fairly good business was done in some parts of the primary cotton goods market during the day, and jobbers who are making attractive offerings procured a satisfactory volume of business. More activity is noted on the dress goods market, the demand for spring goods from the West being of substantial size. Raw silk is quiet on the local market, but prices are pointing upwards on Japanese material.

On the Seaboard Mountain Special you will see "Vistas of forest clad summits, rock crests and distant mountain ranges; dizzy heights and deep shadowed gorges." Don't miss it. **

POST SERIES FOR KILTIES.

Capt. Napier Arranges Games With Richmond for Championship.

(Fayetteville Observer, 8th.)

Captain Napier has arranged with the manager of the Richmond team a post series of games for the championship of the States of North Carolina and Virginia, three games to be played in Fayetteville, Monday, Tuesday and Wednesday, September 13th, 14th and 15th, and four games in Richmond, September 16th, 17th and 18th.

Special railroad rates between Fayetteville, Richmond and intermediate points have been arranged for.

The present team, practically a new one, made up over night, has won half the games played since the second series began, and it is proposed to strengthen it so as to make sure that Fayetteville will win this series as it did the first.

We are sure that everyone would like to see Fayetteville struggle with a great city like Richmond for supremacy on the diamond. It would be worth going miles to see.

The East Carolina League season closes September 5th, and the Virginia League closes its season September 11th.

Captain Napier and Manager Clancy will use the intervening week in games with some other strong team or teams.

BURIAL OF COL. GREEN.

Distinguished Citizen Laid to Rest in Cross Creek Cemetery.

(Fayetteville Observer, 8th.)

The funeral of Col. Wharton J. Green, whose death on Saturday morning came as a shock to the people of Fayetteville and North Carolina, took place from St. John's church at 11 o'clock this morning. In addition to a large number of friends and citizens, Camp 852, United Confederate Veterans, attended the funeral. The services were conducted by Rev. Charles Noyes Tyndell, rector of St. John's church, and Rev. I. W. Hughes, rector of the Church of the Holy Innocents, Henderson, N. C.

The interment was in beautiful old Cross Creek cemetery, and the grave was covered with a great profusion of exquisite flowers, many of them coming from friends in different parts of the country.

The pall-bearers were:

Honorary—Col. J. B. Starr, Maj. E. J. Hale, Maj. Charles Haigh, Maj. A. A. McKethan, and Messrs. Walter Watson, H. R. Horne, and F. R. Rose.

Active—Messrs. E. J. Lilly, W. L. Hawley, W. L. Holt, F. H. Stedman, Maj. B. R. Huske, and Dr. J. V. McGougan.

HARD WORK SAVED PLANT.

Fire Sunday at Brick Yard of Messrs. Roger Moore's Sons & Co.

Fire, presumed to have originated from a spark from a kiln, was discovered about 4 o'clock Sunday morning at the large brick manufacturing plant of Messrs. Roger Moore's Sons & Company, on the Castle Haynes road, a short distance from the city limits, and for several hours the destruction of the property was threatened. Mr. P. Q. Moore, one of the owners, was summoned by telephone from his residence in the city and under his direction laborers fought the flames manfully for several hours before the fire was considered under control. The five-thousand gallon reservoir filled with water, at the brick yard proved of great service in fighting the flames. A Coast Line locomotive was sent up just in time to remove from danger eight loaded freight cars which were on the siding near the fire. A large quantity of wood was consumed by the fire, but it is not thought that the damage will be more than a few hundred dollars. It will be recalled that the plant was destroyed by fire some months ago and was rebuilt last Fall.

Funeral of Infant Son.

The funeral of James B. Russ, five-months-old son of Mr. and Mrs. J. D. Russ, whose death occurred Sunday night, was held from the family residence, No. 208 Meares street, yesterday afternoon and the interment was in Bellevue cemetery. Many friends of Mr. and Mrs. Russ tenderly sympathize with them in their bereavement.

CREAGER ACCUSED AT LAND INQUIRY

(Continued From Page One.)

he himself had not dictated, this being a telegram addressed to Richard C. Adams, of Washington, an attorney The substance of that telegram was that the Indians approved the contracts and asked Adams to call on President Taft and urge him to sell the land without delay.

"Who did you think Adams was?"

"Why, I thought he was somebody with powerful influence who could go to the President and to Congress and tell them what he wanted. We were not anxious to give up 10 per cent., but we thought it would be better to sell on that basis than no to get anything at all. We were in the dark as to how matters stood in Washington, but we thought Adams would be able to fix things all right."

Others from the list of 10,000 Indians, who signed the contracts, are to be interrogated tomorrow.

Creager Answers Charges.

Muskogee, Okla., Aug. 8.—In reply to the charges made by Jake L. Hamon at McAlister today that Congressman C. E. Creager had attempted under the guise of loans, to obtain $4,000 from J. F. McMurray, Mr. Creager tonight gave out the following statement.

"I have just written a letter to Congressman Burke in reply to the charges made against me by Mr. Hamon this afternoon, in which I am explaining the circumstances in detail, and advising that if necessary I will be glad to go before the committee and answer any questions put to me.

"There is some foundation for the statement made by Mr. Hamon but he must have stated the case in an entirely different manner than it was given him by McMurray.

"Before leaving Muskogee in November I tried to trade certain property for eighty acress of farm land worth $10,000, agreeing to pay the difference, which amounted to $4,000. I found that I could not meet the requirements of the transaction; so I made application to the State for a loan from the school fund. In December after my arrival at Washington I received a letter from Guthrie denying my request.

"Mr. McMurray happened to be in my office at this time and I explained the situation to him and asked if he knew where I could get the money. He replied that if he had the money on hand he would be glad to make the loan himself.

"A few days later McMurray told me that he had the necessary money and could make the loan, but questioned the propriety of our entering into a deal of this kind. This was the first time the matter was brought to my attention in that light and it was dropped then and there. Mr. McMurray never loaned me the money."

LARCENY OF MONEY CHARGED

Two Negroes Arrested at Carolina Beach Yesterday Afternoon

Charged with the larceny of $35 in money from the restaurant at Carolina Beach operated by Oliver Fisher and George Lutterloh, colored, James Herring and William Ray, both colored, each apparently about 18 years old, were arrested at Carolina Beach at 6 o'clock yesterday afternoon by Constable W. B. Savage. The negroes were brought to the city by Constable Savage and Deputy Sheriff Brown on the boat arriving here at 11:30 o'clock last night; taken to the office of Justice George Harriss, who issued the necessary warrants and committed the negroes to jail in default of bonds in the sum of $200 each for appearance for trial at 10:30 o'clock this morning. Ray will have to answer the additional charge of carrying concealed weapons, it being stated that a pistol was found on his person when arrested.

The money is alleged to have been stolen from a tin box in the kitchen attached to the restaurant. Herring, it is said, took the money and then ran outside and met Ray, who, it is thought, was his partner. The negroes were captured after a lively chase. It is stated that several persons saw Herring take the money from the kitchen.

Yesterday at Carolina Beach was given over to the negroes and it is estimated that more than a thousand visited the resort during the day. The late boat last night had on board about 600 negroes, and the boat arriving early in the evening was crowded. One person stated that it was the largest crowd of negroes he had ever seen on the beach at one time.

Your Freckles

Need Attention in the Summer or Face Will Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The August winds bring out freckles that will stay all Summer unless removed now with othine—double strength.

This prescription for the cure of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by J. Hicks Bunting Drug Co. under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even the first night's application will show a wonderful improvement, some of the smaller freckles even vanishing entirely.

AFFAIRS AT WHITEVILLE.

County Development Along All Lines —Politics and Crops.

(Special Star Correspondence.)

Whiteville, N. C., Aug. 8.—A gentleman from Dillon county, S. C., was in Whiteville looking for a store with a view of doing business here. It is thought he will probably rent the room owned by Calder Bros., of Wilmington, next the News-Reporter office.

News was today received in Whiteville that work on the railroad the Whiteville Lumber Company is building to Reaves Ferry, on the Waccamaw river, will be resumed at once and the line pressed toearly completion. There is only about four miles of this road to complete to reach the river, and the finished part has been ironed. It is reported that Mr. J. R. Williamson, who is working on a projected railroad from Bladenboro to Southport, via Whiteville, will also soon begin work on his line, as he has everything ready for its building. This road is now considered as a certainty. It will develop a fine section of country, that is now remote from railway communication.

The county has within the past few days had some heavy rainfalls and fearful electrical storms. Some damage was done by the former to growing crops, and several trees struck by lightning in Whiteville, one on the public square.

Now that crops are laid by, farmers in every township are being urged to hold good roads meetings, as the people need educating on this line.

Mr. S. B. Bennett, a young man in the employ of the Waccamaw Lumber Co., of Bolton, was so seriously injured as to require the amputation of his legs.

Town Marshal Thompson has bought a pair of bloodhound puppies and which he is training to run down criminals.

Several strong Godwin men in this county say they will obey the dictation of the State Executive Committee, it matters no what it be, as we cannot afford to ignore the party machinery. There are others who say they intend to support Godwin it matters not what the committee decides. Conservative Democrats are working to allay ill feeling and get our people united again. Great interest is manifested in what action will be taken by the committee.

Mayor Davis has received from the purchasers the new bonds issued by the town of Whiteville for signature. They will be at once signed, so as to get money to begin work on our streets. Two car loads of cement gravel have been received from Augusta, Ga., and which will be put down on Madison street, leading from the depot to the Court House. This lot is only ordered as an experiment, and to test it. The side streets will probably be sand-clayed. The street leading to White Marsh has been worked by the town and is in fine condition. It will next be sand-clayed.

A gentleman whose business recently carried him well over our county says crops are generally clean and very promising. Cotton has come out wonderfully of late. There will be made the largest corn crop ever known in this county. Farmers have about finished harvesting tobacco, and most of them are holding back their better grades for an advance in price.

Fair Bluff, in our county, has developed into one of the leading tobacco markets in this section, and the warehouses are doing a record-breaking business. The place is filled with buyers, and competition is keen.

It is reported that Hon. J. G. Butler, one of our best and leading citizens, who lives near Pireway, will move to Florida or some other point unless a railroad is built through his section. He is now too remote from a railway, and wants to move his family to some more thickly settled community. Mr. Butler is our representative in the Legislature, was for many years sheriff of Columbus, and he would be a great loss to our county.

There is the greatest abundance of fruit of all kinds this year. Trees are breaking with their loads and thousands of bushels fall and rot on the ground. There is a fruit jar famine, and our merchants cannot get them in fast enough to supply the demand.

LICENSED DENTAL SURGEONS.

Those Who Recently Passed State Board of Examiners at Wrightsville.

(Special Star Correspondence.)

Asheville, N. C, Aug. 8.—Dr. F. L. Hunt, secretary of the North Carolina State Board of Dental Examiners, announces that of the class of 33 who stood the examination at Wrightsville Beach recently only 15 were successful as follows: Dr. Alberta S. Burton, Newbern; Edw. W. Smith, Winston; Levi C. Lawrence, Salisbury; P. L. Fearson, Apex; T. D. Webb, Statesville; R. A. Fry, Boonville; P. B. Cone, Spring Hope; G. J. Evans, Durham; F. G. Gower, Garner; W. D. Young, Clayton; G. C. Vickers, Durham; C. H. McAnally, Asheville; Paul E. Jones Bethel; H. McK. McDiarmid, Reaford.

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Wilmington. Here's Wilmington testimony:

Miss Maggie Rivenbark, 105 Dock street, Wilmington, N. C., says: "I found great benefit through the use of Doan's Kidney Pills, procured at R. R. Bellamy's drug store. I suffered from constant, dull pains in my back, and some days I could hardly get about. My kidneys were weak, and I was caused much annoyance. I tried several remedies, but nothing gave me relief until Doan's Kidney Pills were used. They proved to be just what I required, and in a short time cured me so completely that my trouble has never returned."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

RARE SWIMMING FEAT.

Wilmington Lad Crosses White Lake, Using Double Sailor Stroke.

White Lake, N. C., Aug. 6.—Being from your city and interested in it and its people, I write to tell you of some good swimming done by a young lad from our town. Henry McKoy, who is visiting White Lake on a house party, swam across the lake, a distance of about three miles, here last Tuesday. An unaccomplished feat heretofore, although it had been attempted quite a number of times. McKoy is 16 years old, and rather small for his age. He started without telling anyone of his project, but when he had gone some distance a boat was sent after him, but he refused to return, and kept on. Another boat was sent out, which reached him when he was about two-thirds of the distance, and followed along after him in case of any need, but he refused again, and landed on the opposite bank from where he had started, high and dry. He claims not to have been tired, and to prove it he jumped into the boat and paddled back. He used the double sailor stroke. The time taken in swimming was two hours and a quarter. He is worthy of praise.

AN EYE WITNESS.

Life on Panama Canal

has had one frightful drawback-malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

OKLAHOMA BANKS ABANDONING GUARANTEE PLAN.

Washington, Aug. 3.—According to information received here, Oklahoma banks are finding the bank guarantee plan unsatisfactory and a number are now changing back to the national system. In all about 150 national banks in Oklahoma adopted the bank guarantee plan when it was started, so that it will take a good deal of time to complete the transfer of these institutions back again to the national system should all of them determine to return to their old allegiance. One bank has sent a circular characterizing the State Guarantee Law as burdensome without adding anything to the stability of the bank. au 7 tf
